RIOT AT LOUISVILLE

Street Car Trouble Marked by a Fierce Outbreak.

MANY PERSONS ARE INJURED

Several Hundred Strikers Attack Car and a Hail of Pistol Shots, Stones and Clubs Were Poured Into It. Many Strikers Arrested.

Louisville, Ky., Nov. 27.—The most serious riot thus far of the street car strike occurred Monday and as a result two men are known to be shot, two policemen are injured by stones and clubs, and two more men and a woman are reported to have been shot.

The trouble occurred on the Fourth avenue line, near Kentucky street, a fashionable residence neighborhood.

A south-bound car, loaded full, was suddenly attacked by six or seven hundred strike sympathizers. A hail of stones, pistol shots and clubs was poured into the car, the conductor and a policeman aboard returning the fire. The motorman hurried the car out of range, although himself and a man and woman passenger are declared to have been struck by bullets.

Twenty police arrived on the scene a few minutes later in automobiles, and surrounded about a hundred of the mob in an alley nearby. The mob broke through the cordon, fighting fiercely, and although many heads were cracked, all got away, save F. M. All, a discharged street car employe who was shot through the abdomen, and four prisoners.

Sergeant Conn Wickham and Policeman Robert Brown were severely injured by rocks and clubs. M. Ford, a youth, passing on a bicycle, was shot in the foot. Of the identified injured, all save M. F. All, will recover. All's condition is critical.

Louisville, Ky., Nov. 27.—Over 20 members of the striking street car men's union are in the county jail here having been arrested in the riot following an attack on a Fourth avenue car A number of the men, it is alleged, have confessed that the attack on the car was the result of a carefully planned conspiracy on the part of a body of strikers and more arrests will be made.

The men charged with conspiracy will be presented in the court.

Both International Agent Commons and local President Jackson, of the street car men's union, declare they did not know anything of the conspiracy, and that they have all along counseled order.

Man Killed by Automobile.

Birmingham, Ala., Nov. 27.—J. D. Biles, a carpenter, 53 years old, is dead as a result of injuries received by bting run into by an automobile belonging to the governor Saturday. The negro chauffeur, Charles Lewis, was driving to the depot to meet Governor Comer coming up from Montgomery when Mr. Biles was run into on the approach to the viaduct. The injured man was picked up by the chauffeur, and carried to his home at East Lake, a suburb, and death followed twenty-four hours later. The chauffeur is under arrest.

Fireman Killed on Southern.

Birmingham, Ala., Nov. 27.—Benjamin Whorley, a fireman on the Southern railway, is dead and John Renneussau, a flagman on the same road, is badly injured as the result of a collision between two engines in the Woodlawn yards Monday. One of the engines was standing still, it is stated, and both Whorley and Renneussau were on it. Another engine was coming up the same track and it was impossible for the engineer in charge to see the one standing still until too late.

Killed Girl and Himself.

Waukesha, Wis., Nov. 27.—Charles Weeler, assistant chief of the Waukesha fire department, Monday night shot and killed Miss May Lynch and then committed suicide by that means. The tragedy is believed to be the result of a lovers' quarrel.

COMMISSION FIXES RATES.

Joint Passenger Fares Made 2 3-4 Cts. For Alabama Points.

Montgomery, Ala., Nov. 27.—The railroad commission has ordered that joint passenger rates between all points in the state be made by each road on a basis of 2 3-4 cents per mile, the date to be December 10. Roads which have not accepted the state rates are included, as well as those which did accept the state rates to increase their rates to 2 3-4 cents a mile straight, 2 1-2 cents for family books and 2 1-4 cents for 2,000 mile books.

Still another order is issued allowing the Illinois Central and the Atlanta, Birmingham and Atlantic, in course of construction, to charge old rates until they get to regular service, passenger and freight included.

It turns out that Governor Comer signed all of the group rate bills which fix rates of freight and classify railroads, before he left for home on Saturday. They include most of the penalty measures, those giving new power to the railroad commission and seeking to prevent discriminating and excessive charges of any kind. By these the right to enforce the orders of the railroad commission is taken from the commission and new means employed to enforce the orders, as well as contest them. With the signature of the governor to the bills, which become effective Dec. 1, the new line of railroad laws are made effective.

DIOCESE GRANTED CHARTER.

Judge Pendleton Grants Charter for Reorganization of Church.

Atlanta, Nov. 27.—Judge J. T. Pendleton, of the supreior court, has granted a charter to the Episcopal church for a diocese with Savannah as the see city As is generally known, the Georgia diocese of the Episcopal church has recently been dissolved, and the granting of the charter to the Savannah diocese is of general interest.

It will be remembered that the "diocese of Georgia" up to the time of its division by the Columbus convention several months ago, embraced the exact geographical limits of the state of Georgia. It was, however, divided at Columbus, and the division was recently approved by the general convention of the church at Richmond, Va.

The southern half of the old diocese, with Savannah as the see city, retained the old name, "diocese of Georgia," and this part of the old diocese will meet in convention within a short time to select their bishop.

SOUTH GEORGIA CONFERENCE.

Methodists Assemble at Brunswick, Ga.—Social Functions Planned.

Brunswick, Ga., Nov. 27.—Many of the delegates of the South Georgia conference have already arrived in the city, and others are expected. The advance delegations are composed largely of the class of applicants for admission on trial into the conference and the classes of graduates and their committeemen, who will do the preliminary examination work. To be admitted into full connection of a Methodist conference and receive deacon's orders requires the successful passage of several rigid examinations, which are given for four years, at intervals of one year.

Several social functions have been planned by the citizens of Brunswick for the entertainment of the south Georgia Methodists, a boat ride to Frederica, an oyster roast, etc.

COL. BRAMWELL DEAD.

Was Author of Several Books on the Civil War.

San Francisco, Nov. 27.—Colonel Frank J. Bramwell, author of several books on the civil war, companion of Admiral Farragut in the memorable run past the forts on the Mississippi, died Sunday night at Fair Oaks, near Sacramento.

After his service with Farragut, Col. Bramwell was active in the state of West Virginia as a goverment officer, capturing and breaking up the moonshine gangs engaged in the manufacture of illicit whisky. He was a native of Albany, N. Y., aged sixty years.

REVEALED BY DREAM

Woman Tells Oakland, Cal., Police of Ghastly Crime.

THE DREAM IS PROVEN TRUE

Body of Woman Who, It Is Claimed, Was Murdered by Her Husband, Is Found Buried in Quicklime—Husband Placed Under Arrest.

San Francisco, Calif., Nov. 27.—The police at Oakland Monday uncovered a most diabolical murder and have taken into custody M. A. Wilkins, a stationary engineer, and will charge him with the murder of his wife, whose remains were found buried in quicklime underneath a shed in the yard of the Wilkins home in Elmhurst, a suburb of Oakland.

Mrs. Wilkins had not been seen around her home by the neighbors for several days. It was known that she had given birth to a child and inquiries regarding her by the neighbors elicited the response from Wilkins that she had gone to the home of her parents in the east.

Woman's Strange Dream.

A friend of the dead woman, Mrs. J. M. Anderson, of San Francisco, had been staying at the Wilkins house for the past few days, and now asserts that Wilkins had endeavored to persuade her to leave her husband and go away with him. Her suspicions became aroused, and the night before in a dream she saw the body of her former friend lying on the ground, with the arms crossed over the breast. She came to San Francisco and told her husband of the strange incident and the two went to the chief of police of Oakland and told the story. The case was given into the hands of Sheriff Barnet of Alameda county, and he, with Detective Kyle, of Oakland, went to the home of the Wilkins in Elmhurst and found the body in a trench under an old carpet in the shed. It was lying just as described by Mrs. Anderson with the hands folded across the breast.

Tells Conflicting Stories.

Wilkins was taken into custody later and after being taken to the Alameda jail he first said that his wife had committed suicide. Later he said that she had died during childbirth and he had buried the body to save funeral expenses. He told several stories and then refused to talk. Mrs. Anderson told the officers that she was awakened from the dream by Wilkins who was standing over her with a knife in his hand When she asked what he meant, he replied that she had been talking wildly in her sleep. He put away the knife and asked her to take a drink of water. She sipped some of the water, but did not swallow it, suspecting that it had been poisoned. This proved to be the fact.

Wilkins is 50 years of age and has always borne a good reputation.

LAYMEN TO DISCUSS MISSIONS.

Several Thousand Delegates Will Attend Convention at Charlotte.

Charlotte, N. C., Nov. 27.—Ella largest religious gathering ever held in this state will be held in Charlotte when the conference of the Laymen's Missionary movement convenes here December 1.

This conference will be in session three days and it is expected that several thousand delegates will attend. Over 6,000 invitations have been sent out and the new auditorium, seating over 5,000 people, has been secured. A number of speakers of international reputation will be present to deliver addresses. The purpose of the laymen's missionary movement is to collect and disseminate missionary information and to promote missionary zeal and interest. It was organized by the secretaries of all the missionary boards of all the evangelical churches in the United States. It will collect no money and there will be no solicitation of funds at any of the meetings.

On Tuesday evening in December a supper will be given the delegates by the women of the Alexander Rescue Home.

M. E. CONFERENCE ENDS.

Forty-First Session Closes Business and Session Ends.

Cartersville, Ga., Nov. 27—The forty-first session of the North Carolina conference came to a close Monday afternoon, and Bishop Seth Ward read the appointments of the Methodist preachers for the ensuing year.

Just before the appointments were read Bishop Ward in an appropriate speech expressed his appreciation to the ministers for their uniform courtesy, and said to them that while it was true that all of them could not have the appointments which they desired, that it was necessary to take time about, and that "every one have a fair deal," and that probably next year they could be better pleased with their appointments.

Few changes were made in the Atlanta district, the most important being the removal of Rev. J. H. Eakes from the office of presiding elder to Griffin district, and the appointment of Rev. Joel T. Daves to the office of presiding elder of the Atlanta district.

Rev. John B. Robins, who was presiding elder of the LaGrange district, was appointed as pastor of the First Methodist church, Rome, Ga., in the place of Dr. C. O. Jones, who goes to Trenton, N. J.

1,200 ARABS KILLED.

Ten Thousand Fierce Tribesmen Attack Camp of French.

Maghnia, Algeria, Nov. 27—Ten thousand of the fiercest Benisnassen tribesmen swooped down on the camp of the French and were beaten off with a loss of 1,200 killed. The fighting continued for a long time, and was conducted on the part of the tribesmen apparently with total disregard for their lives.

At one time the French infantry were in danger of being surrounded, but they finally disengaged themselves from their perilous position by a most brilliant charge of the Spanis. The rout of the Arabs was completed by vigorous shelling by the artillery. The French loss was eight killed.

BANKERS ENCOURAGED.

Resumption of Cash Payments May Soon Be Possible.

Chicago, Nov. 27.—Direct reports to the Chicago clearing house from hundreds of western cities encouraged the local bankers Monday to believe that a resumption of cash payments will be possible within a fortnight.

When the clearing house committee met, the members had before them more than 500 letters in reply to the circular letter sent out last week asking for statements of conditions all through the west. Practically all the letters, it was announced, expressed a willingness to co-operate with Chicago bankers on resuming a cash basis.

Child Scalded to Death.

Atlanta, Nov. 27.—Little Catherine Petty, the 2-year-old daughter of Mr. and Mrs. W. O. Petty, fell into a pan of boiling water and died Sunday night from burns received before rescued. According to the statement of the mother, little Catherine was playing on the back porch of the residence and in some manner unknown to the mother, who was in the kitchen at the time of the accident, fell into a large pan of hot water which had been placed on the floor and was fearfully scalded before she could be taken out by the mothtr, who was summoned by her piercing screams.

Use of Tobacco Not Increasing.

New York, Nov. 27.—That the consumption of tobacco in America is not increasing in proportion to the increase in population, is one of the interesting facts brought out in the hearing of the government's suit against the American Tobacco company and others under the anti-trust laws. T. B. Yulee, head of the purchasing department of the American Tobacco company, in his testimony, stated that, while the acreage in tobacco had been increased, this was due to the increased foreign demand for American tobacco, the domestic demand not having increased in proportion to the increase in the population.

EXPERTS TO TESTIFY

Great Crowds Listen to Opinions of Alienists.

PROGRESS OF BRADLEY CASE

Dr. Hill, of Baltimore, an Expert, Stated that on the Day of the Shooting of Senator Brown, Mrs. Bradley Was Insane.

Washington, Nov. 27.—The testimony of the alienists in the case of Harry M. Bradley, charged with the murder of former United States Senator Arthur M. Brown, in this city last October, last, was well under way today, when the defense put on the stand Dr. Britton D. Hill of the New Jersey hospital for the insane to corroborate the statement made Monday by Dr. Hamilton, of Chicago, that Mr. Bradley at the time he killed Senator Brown, was insane.

The district attorney based his questions by Dr. Stanley Hall, of New York, and Dr. Edward S. Brush of Baltimore. In their testimony Monday they were very strong for the defense and their evidence attracted considerable attention, but the standing of Dr. Hill as an expert in cases of this character and the fact that he testified in favor of Harry K. Thaw was sufficient reason for attracting to the court house more than the usual crowd.

Dr. Rich, a new witness, said he saw Mrs. Bradley the day of the shooting and that she looked "loony" and had an idiotic laugh. Dr. Hill of Baltimore, an expert, was then called. He stated positively that on the day of the shooting Mrs. Bradley was insane and incapable of choosing between right and wrong.

DARING RAID BY ROBBERS.

$2,200 Secured from Bank—Bank Officials Locked in Vault.

Bloomington, Ill., Nov. 27.—The State bank, at Clinton, was entered and robbed of $2,200 in cash early before 5 o'clock Monday morning by two men, who made their escape.

With drawn revolvers the robbers forced Cashier George Allen, Assistant Cashier Murphy and Bookkeeper Young to enter the big safe which they locked. The bulk of money had already been placed in the safe in the vault and the robbers got but $2,200 in gold and silver which was found on the counter. This was shoveled into a bag, and locking them to the Hotel Henry where they had previously engaged rooms. They were just about to leave the hotel when officers learned of the occurrence and attempted to break down the door.

Before they succeeded in doing so the robbers jumped from a window on to an adjoining roof and escaped. The $700 in gold, and $1,500 in silver in the room. A posse was organized, and the country was scoured for the men.

Before the highwaymen entered the bank building they cut the telephone operator and required him to send some one to the bank to open the safe. The three bank officials were locked in the vault.

When Charles Parker, a clerk in the bank, opened the door they were almost suffocated.

Y. M. C. A. CONVENTION

Reception to Delegates by President at White House.

Washington, Nov. 27.—The delegates to the international convention of the Young Men's Christian association spent the forenoon today on an excursion to Mount Vernon where they visited the tomb and the historic building which belonged to the first president of the United States.

The day's program included a reception to the Mount Vernon party at the White House by President Roosevelt at the executive mansion and the ceremony of breaking ground for the new negro branch building of the local Y. M. C. A.

B. B. LOWMAN IS FOUND NOT GUILTY

Geo. Lowman Guilty of Murder in The First Degree.

BUT RECOMMENDED TO MERCY

Such Was the Verdict of the Jury in This Celebrated Case—Tried for the Murder of Dunlap Phinney in Levy County in June, 1907.

Judge Wills called court to order promptly at 8 o'clock yesterday morning, when the jury in the Lowman case was called, and the third day of the trial of this celebrated case was begun.

O. O. Smith of Raleigh was sworn for the defense. On the night after the killing he met Lawrence Gibson in his store and asked him to tell him (Smith) how it happened, as he wanted to know something about it. Gibson replied that he really knew little about the affair, that he and B. B. Lowman were in the office when the shooting began and he did not know how he got out without being hit; that Gibson showed him where a bullet went through the railing enclosing the office and also where another bullet struck a trunk. On cross-examination he said Gibson told him these shots were fired by Phinney, as he was the only one shooting in that direction.

A. L. Lowman was sworn and corroborated the testimony of the above witness, they giving almost the same testimony word for word. The witness also stated that on the day of the inquest he heard Pink Gibson say he had had it in for George Lowman a long time, and though Cap. Phinney did not "get him" he (Pink) now "had him where he wanted him." Col. Rivers failed to "shake" the testimony of this witness on cross-examination.

During the cross-examination Judge Carter inquired of the stenographer if she was getting down everything that was said, including the "ah! ha!" of the State Attorney. She replied in the affirmative, whereupon Col. Rivers remarked that he desired same to appear in the record.

Dr. DePass on Stand.

Dr. M. H. DePass of Archer, who attended B. B. Lowman, testified as to the wound inflicted and the probable position of the two men when Lowman received the bullet in his arm. Judging from the course the bullet took he would say they were in the same position though it was possible for a bullet to deflect in any direction under certain conditions, but not probable in this instance. Here it was agreed between counsel to examine Dr. DePass along an entirely different line, and the witness was asked that if on a day previous to the killing B. B. Lowman had been with him in his automobile. Dr. DePass answering in the affirmative, Judge Carter asked what conversation occurred between them on that occasion. Col. Rivers promptly interposed an objection on behalf of the State. It was agreed to send the jury out so that defense may show to court what they expected to prove by Dr. DePass' answer. The jury having retired Judge Carter stated that he expected to prove by the witness that B. B. Lowman expressed no enmity for Phinney and stated to witness that he certainly would not both- Phinney molested him. Judge Carter read various authorities to the admissability of the evidence admitted that under the rule such evidence was not admissible but that the present case was an exception to the general exception. At the conclusion of Judge Carter's argument Judge Wills ordered the jury to come into the court room and overruled the objection of the State and allowed an exception for the defense.

Geo. Clark, colored, of Archer, was sworn. He conducted a restaurant at Archer and remembered the time he thought Lowman had the "spat" He heard George Lowman mention Phinney's name or say anything about a pistol. On cross-examination said he was not excited at the time but had business to attend to.

D. B. Lowman.

Father of the other defendant, was called to the witness box in his own behalf. After giving some preliminaries as to what he did on the day of the tragedy, he said that in the afternoon of the day he and his son George went to Raleigh and hitched the team to a post in front of Gibson's store. While his son was hitching the team he went into Gibson's store and told him he wanted to settle his account. Phinney was in the store but left when witness had entered. Defendant and Gibson entered the office and he was endorsing some checks when the shooting began. Witness rose, and Lawrence Gibson walked out the door. As witness rose to leave the office, Phinney fired at him, splinters flying in face of witness. When I got out the office Phinney and I met in about six feet of each other. We both commenced shooting and I partially fell, being struck by a bullet and my pistol falling from my hand. He then detailed having his arm bandaged and going home. Witness never had said anything about drinking Phinney's blood at Newsom's commissary. The boys were quarrelling and in a pacifying way I said to them "blood is thicker than water." He knew Robert Coleman, and had never sent any message to Phinney by him. When he met Phinney the latter had a drawn pistol and when witness fired he believed himself in imminent danger of great bodily harm.

On cross-examination witness said he had to go in opposite direction from Phinney to leave the office, only a step or two, when he turned and faced him. He did not know how many times he shot Phinney; he was excited, as most any man would have been. He did not know it was Phinney's horse at the door or he would not have entered the store at all. When Phinney shot him he partially fell to his hands and knees in endeavor to recover his pistol with his left hand. He was in that position some time, and when he got the pistol he left the store.

Hardy Blitch was recalled and testified on direct examination that the reputation of Dunlap Phinney was bad. On cross-examination he admitted that his wife was a niece of B. B. Lowman.

John Robinson, deputy sheriff of Levy county, also testified that the reputation of Phinney was bad. Witness had a daughter married to a son of B. B. Lowman.

J. P. Bauknight of Gainesville knew Dunlap Phinney from boyhood, up to sixteen years ago, when he left Wacahoota. His general reputation and violence up to that time was bad.

Dr. M. H. DePass was recalled. He knew Dunlap Phinney in his lifetime and his general reputation for turbulence and violence was bad. On cross-examination said his knowledge was from hearsay.

Here the defense closed, and attorneys for the State were given 30 minutes in which to confer as to rebuttal testimony they would offer.

State's Rebuttal.

O. G. Joyner was at Raleigh on day of killing. He went to body of Dunlap Phinney, which was lying near east door of building, his head towards the door. There was an oil tank near body, in which tank there were two bullet holes, one on south side and one on north side, tank was a little to left of Phinney's feet. Witness testified as to bullet hole in railing and ceiling.

D. E. Williams testified as to dimensions of east door of Gibson's store, saying it was four feet wide. B. B. Lowman had testified it was about three and one-half feet wide.

J. I. S. Watkins testified that the general reputation of Hiers, who testified for the defense, was bad. Hiers was generally engaged selling fruit trees.

F. M. Hester corroborated the former witness, going so far as to say he would not believe Hiers on his oath.

J. B. Epperson could not testify as to reputation of Hiers in the community in which Hiers now resides.

Here the State closed.

The defense stated that no surrebuttal testimonny would be offered, and at 11:50 a. m. court adjourned until 2 p. m.

Argument of Attorneys.

At the conclusion of the testimony Col. A. V. Long of Starke opened the argument for the State in a clear, impassioned and forcible statement of the case from the prosecution's point of view. Judge E. A. Pinnelle, the venerable jurist of Bronson, followed with a strong argument in behalf of the defendants.

Then came one of those strong, clear, forcible arguments for which Judge Syd L. Carter is noted. He reviewed the evidence and commented upon it in a convincing manner, turning every point in favor of the defendants which it was possible to make in their behalf. He closed with a plea for the defendants which brought tears to the eyes of more than one member of the jury, during which time the elder Lowman, his wife and little children, the youngest in her father's arms, were sobbing aloud.

State Attorney Rivers closed the case with one of his usually strong arguments. He reviewed and commented upon the evidence at length, and appealed to the jury not to forget the widow and orphans of the dead man when they retired to the jury-room to make up their verdict.

Judge Wills charged the jury in a fair and impartial manner and at 6:20 o'clock the fate of Bascom B. Lowman and his son, Geo. B. Lowman, was left in the hands of the twelve men who had been selected to deliver a verdict in accordance with the law and evidence.

The court then took a recess until 9 p. m., the Judge stating that he would reconvene the court if sent for earlier.

The court-room was crowded during the entire three days of the trial, many of those present being from Levy county.

The Verdict.

The jury was out just three hours and fifteen minutes, part of which time they spent at supper. At 9:35 a rap on the door called Sheriff Fennell to the jury room, when he was informed that they were ready to report. The twelve men filed into the jury box, their names were called, and the question asked if they had agreed upon a verdict to which A. A. McRae, the foreman, answered "We have," and handed Clerk Wienges the piece of paper which decided the fate of the two men. Clerk Wienges read:

"We, the jury find B. B. Lowman not guilty, and Geo. B. Lowman guilty of murder in the first degree, with a recommendation to mercy—A. A. McRae, foreman."

The father whispered words of comfort to his son and hastened to join his wife.

Judge Wills then adjourned court until 2 p. m. Monday.

A motion for a new trial will be made in the case of the convicted man, and if this is denied an appeal will be taken to the supreme court.

A HALF MILLION IS NEARLY REACHED

Gainesville Postoffice Enjoys Most Successful Fiscal Year.

THE POSTMASTER IS AMBITIOUS

He Has a Fine Lieutenant in Assistant Bell and a Good Force, and Business Steadily Increases—Fourteen Employes Now With Local Office.

Gainesville, it would appear from the observation of those who study the conditions here, is going ahead by leaps and bounds, every year showing up to much better commercial and financial advantage that the previous period.

As will be seen by notice of the compiler of the City Directory, the city has increased within the past two years and a half about thirty-three and a third per cent in population, the increase having been since June, 1905, 2,081 names.

But the population has not been the only thing which has shown an increase, and the most important of these is the increase in the United States postoffice receipts, etc.

If anyone should hear that the money order business of the Gainesville postoffice alone for the last fiscal year aggregated $400,000—nearly a half-million dollars—they would not feel disposed to believe it; but if figures don't misrepresent things—and Government officials cannot afford to be misrepresented—an investigation will show that such is a fact. The business through the Gainesville postoffice, which a few years ago was comparatively insignificant, aggregated for the fiscal year ending June 30, 1907, $400,000.

Few people realize and appreciate the magnitude of the Gainesville postoffice, which Postmaster Lynch and his assistant, J. P. H. Bell, have brought up to such a standard of excellence. The public does not realize that there are employed by this office fourteen men, with the probability of an increase for the coming year, as requisition has been made for two additional men, the business being so heavy that it has been found almost impossible to handle it.

But such is the case, which is another evidence of Gainesville's healthy condition, and thanks are due not only to the public, but especially to Postmaster Lynch and Assistant Postmaster Bell for their energy.

Regulates the bowels, promotes easy natural movements, cures constipation—Doan's Regulets. Ask your druggist for them. 25 cents a box.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root,** the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle

NEWS OF CITY AND COUNTY CONDENSED

H. M. Sherhouse of Micanopy was transacting business in Gainesville yesterday.

Mrs. O. B. Bailey has gone to Jasper, where she is on a visit to Mrs. George Wynn.

DeWitt Hague was in the city yesterday. He was en route to Melrose, where he will spend the next two or three days with the family of Nathan Price.

Thos. Sparkman of White Springs was in the city yesterday. Mr. Sparkman is connected with the Camp Lumber Company, and is a valuable man. He was reared in this section of the country.

Among the Micanopy folks in Gainesville yesterday was N. B. Mott, a leading merchant of that town, and one of the "best fellows" in the world, with a heart as big as a hogshead, so the old saying goes.

W. A. Shaw and son, Henry, were in the city from the Gordon section yesterday. Mr. Shaw makes a specialty of the growing of sugar cane, and has brought from time to time some fine cane to this market.

Mrs. C. A. Marks and son and Miss Dorie Ellis have arrived in the city from Waldo. Mrs. Marks and son, who reside at Waldo, will be the guests of Mr. and Mrs. T. B. Ellis, Sr., for a few days. Miss Dorie is returning home from a visit to Mrs. Marks.

Vinson Green of Fitzgerald, Ga., is among the latest of the students to be entered at the University. Mr. Green is originally from Tampa, and attended Rollins College, Winter Park, with John Ambrose. He is a young man of fine physique, thoroughly athletic, and will prove a valuable addition to the University football team.

Mrs. John Ball and her interesting little nephew, after a brief visit to Mrs. J. S. Bodiford in this city, have returned to their home in Jacksonville. They were accompanied by Mr. Ball, who had the pleasure of remaining only a day. Mr. and Mrs. Ball formerly resided here, and have many friends who were delighted to greet them again.

Wade Thomas of Monteocha, one of the leading young farmers of that section, was in the city Tuesday. Mr. Thomas brought a load of fine pork, which he placed on cold storage at the plant of the Diamond Ice Company. He has become convinced that cold storage is the proper thing from experience, as it keeps the meat sweeter and nicer.

Attention is called to the big page advertisement of The G. W. Hyde Company, which appears in this issue. This enterprising firm will begin a big sale on Friday morning, the 29th inst., at which all goods in the store will be offered at prices which are bound to prove interesting. Read the ad., note the prices, and see what bargains can be secured.

P. M. Oliver has gone to St. Marks to visit his brother and recuperate for a few weeks. He has been in ill health for some time and his many friends hope that the change will prove beneficial to him. Mr. Oliver knows every foot of ground in the St. Marks section, and if his health permits there is no doubt that he will have a big time hunting and fishing.

Services at the Church of Christ continue to prove interesting, as Evangelist Dunn is delivering some stirring sermons. His subject this evening will be "Love," and it is hoped that a good crowd will be present. A cordial invitation is extended to the public, and the little church is filled nearly every night. Evangelist Dunn is a most interesting talker, and is doing a great deal for the church here.

REGULAR DRILLS RESUMED.

The Gainesville Guards Will Hereafter Meet Regularly.

For the first time since their return from the State encampment at Fort Pickens, the Gainesville Guards, Captain J. W. Blanding, last night got down to regular business in the matter of drilling, and for a couple of hours Captain Blanding and his efficient lieutenants, Shields Warren and W. D. Wheeler, kept the men busy in the manual of arms and field movements.

There was a good crowd present at this drill, and the movements of the men showed that they had not forgotten the valuable "points" they had gained during their ten-days' association with the soldiers of the regular army at Fort Pickens.

Captain Blanding and his officers feel very much encouraged over the interest being taken by the men, and feel confident that the Guards will continue their excellent reputation as one of the best drilled in the State Troops.

The Guards will drill regularly on Wednesday night of each week in future.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

S.S.S. MADE FROM ROOTS AND HERBS

A SAFE AND RELIABLE BLOOD PURIFIER

In the time of our forefathers the forests and fields were the only laboratories from which they could procure their medicines. They searched out and compounded the different roots, herbs and barks into remedies, many of which have been handed down to succeeding generations, and continuously used with satisfactory results. Among the very best of these old time preparations is S. S. S., a medicine made entirely from roots, herbs and barks, in such combination as to make it the greatest of all blood purifiers. This absolute vegetable purity of S. S. S. makes it the one medicine that may be used without fear of harmful results in any way. Most blood medicines on the market contain mercury, potash, or some other strong mineral. These act with bad effect on the system, upsetting the stomach, interfering with the digestion, affecting the bowels, and when used for a prolonged period of time often cause salivation. No such effects ever result from the use of S. S. S., and it may be taken by children as safely as by older people. For Rheumatism, Catarrh, Sores and Ulcers, Malaria, Scrofula, Skin Diseases and all other troubles caused by impure or poisoned blood, S. S. S. is a perfect remedy. It goes down into the circulation and removes all poisonous impurities, humors or unhealthy matter, and makes the blood pure and rich. It eliminates every particle of the taint of inherited blood trouble, purifies and strengthens the weak, deteriorated blood, and establishes the foundation for good health. S. S. S. is Nature's Blood Purifier, and its many years of successful service, with a steadily increasing demand for it, is the best evidence of its value in all blood troubles. Book on the blood and any medical advice free of charge. THE SWIFT SPECIFIC CO., ATLANTA, GA.

During this period of quiet in the White House Mr. Bonaparte might be able to slip up on some malefactor of great wealth without his having been alarmed.

Human nature must have forced a grin on the face of Grover Cleveland when he heard that President Roosevelt had ordered an issue of bonds and certificates to try and stop the panic.

The effort to bring forward Mr. Cleveland or Judge Parker for the Democratic nomination for President is poor policy, for neither of them could unite the party, and therefore would be defeated.

The American Federation of Labor refuses to follow the lead of Mr. Gompers in favor of government ownership of railroads, although the socialist delegates voted for it. MUCH TO BE THANKFUL FOR.

According to proclamation of both the President of this great Republic and the Governor of the State of Florida, this is Thanksgiving Day.

Truly the people of no State in the Union have so much to be thankful for as the people of Florida. As The Jacksonville Metropolis says, "The public health was never better; work plentiful; good salaries are paid; progress everywhere; no famine, flood or pestilence; no starving, no internal strife, good will everywhere, beautiful weather, and many other blessings. Let us all give thanks and enjoy the day set apart for such purpose. It is also a good day to remember the poor and to do some good act that can be remembered in after years with pleasure. Don't say you have nothing to be thankful for and so register yourself an ingrate, the meanest of mortals."

THE NIGGER IN THE WOODPILE.

There is a deal of whispering in Washington about the Preciado case. The point of interest consists in the contradictory positions taken by the President and the State Department in regard to the Brownsville affair in August, 1906. Preciado was a citizen of Mexico living in Brownsville, and claims to have been wounded in the hand by soldiers of the United States in the riot at Brownsville; and therefore demands $10,000 damages from our Government. The State Department denies that American soldiers did the injury with the knowledge or consent of their officers, or after the officers had such notice of impending trouble as to put them on their guard and oblige them to take precautionary measures. Preciado replies that this position is contrary to the declaration of the President of the United States, and the testimony on the subject. In other words, Preciado takes the Roosevelt view of the riot, while the State Department insists on the Foraker view. It is a pretty case.

President Roosevelt has evidently befogged the usually clear brain of former United States Senator Spooner, for he said when asked whether Mr. Roosevelt will be a candidate for President again: "God alone knows. He has said he won't be a candidate. He has said he will be a candidate. He is impulsive. He is erratic. He is honest in his desire, but the man does not live who can say whether he will run again or not." That's it, Teddy, keep the rascals guessing.

Pittsburg Republicans have an idea that anything can be secured if they have money enough, hence State Senator Flynn of that city is said to have "set aside" $2,000,000 to purchase a seat in the United States Senate. Have the Republican leaders put up the Senatorship at auction?

Municipal ownership of automobiles doesn't seem to be a success, viewed from the standpoint of the New York tax payers. The seventy-four cars that the city provides for officials cost $180,000, and the annual cost of maintenance is estimated at $140,000, or nearly $1,900 each.

We may expect to hear when Congress meets that the Democrats are responsible for the panic, but it will keep the Republicans busy explaining why they have to borrow money on purpose to help the frenzied financiers.

The Tampa News says that "the more thoughtful prophets hear about candidates for the Senate, the more they are convinced that the next Senator will be Stephen R. Mallory."

Governor Hughes says that the most mischievous office-holder is that one having a love of personal achievement and individual success. Wonder whom he has in mind?

HUMILITY.

As birds sing oftener on lowly roofs than palace domes, and roses love best to climb oer lowly window sills and cottage eves, says a renowned author, so to the poor God's blessings come, freighted with dearest wealth, and to the humble heart His love is sweetest. They who have oftenest bowed to earth with deep afflictions are nearest heaven; and as the rose never gives forth all its sweetness until it is crushed, so human hearts need the good Father's hand to press the blossoms of purity, and love and faith, that He may impart to them their heavenly fragrance in value.

Every good act is charity. Your smiling in your brother's face is charity; an exhortation of your fellowmen to virtuous deeds is equal to almsgiving; your putting a wanderer on the right track is chairty; your removing stones and thorns and other obstructions from the road is charity. A man's true wealth hereafter is the good he does in this world to his fellowmen. When he dies people will say, "What property has he left behind him?" But the angels who examine him in the grave will ask: "What good deeds hast thou sent before thee?"

More than five thousand blue-jackets chipped in a quarter apiece to get Helen Gould a loving cup two and three-fourths feet high. She spent $900,000 for their Y. M. C. A. building in New York, and it is difficult to say which is the more pleased at the other's gift.

If, as President Roosevelt says, "the prosperity we now enjoy rests directly upon our National resources," isn't it false to say that prosperity rests upon our outrageous tariff laws and financial system, as most Republican leaders declare?

Mme. Terazzini, who will sing a few times in this country for the trifling sum of $240,000, says she likes America very much. With an income like that in sight most of us would find language inadequate to express our admiration of this country.

The Louisville Courier-Journal thinks that Governor Beckham is the vermiform appendix attaching to the body politic in Kentucky. And in view of his irritated and irritating condition just now, doubtless it would be an excellent idea to cut him out.

The President is said to have been in a "tumult of rage" because a National committeeman told him he was being "blamed for the panic." Whom the gods would destroy they first make mad."

CARNEGIE 70 YEARS OLD.

Millionaire Celebrates Birthday—His Rules for Happiness.

New York, Nov. 27.—Hale and hearty, in spitt of his seventy years, Andrew Carnegie, standing beside a table piled with messages of congratulation on his birthday, gave a rule for happiness. The rule was this:

"To obey the judge within and make others happy.

"If the judge within gives you a clean verdict, we have no other judge to fear here or hereafter.

"But after satisfying that judge above all else, the way to be happy is to make others happy.

"Can a man accomplish as much at seventy as at forty?" he was asked.

"More, bless you, more," replied Mr. Carnegie.

"All things being equal, a man's efficiency is increased at seventy. He is equipped with greater experience. The world is growing better, and it follows that the men in it grow better as they grow older. I have here on my wall two rules which young men should bear in mind."

Mr. Carnegie pointed to opposite sides of the study, where were emblazoned in letters of gilt:

"Thine own reproach alone do fear.."

"All is well since all grows better."

Mr. Carnegie was asked:

"When is man's usefulness ripe?"

"When he has attained the highest degrees of perfection of which he is capable," was the reply.

"This means that if he conserves his physical and mental powers he will be ripest when he has attained long life. At seventy I am convinced that man's usefulness increases with age. Kindliness between man and man is showing a broadening tendency. It undoubtedly is not given to man to explain why sickness and poverty and sin are necessary in his order of things. It has not been explained to us why the law of evolution obtains providing that the higher forms of life live upon the lower. And since it is not given us to understand, it is better that we bow our heads in recognition of the mandate, 'Thy will be done.'"

ROOSEVELT CENSURED.

Startling Announcement Made by Rev. Dr. Mutchler.

New York, Nov. 27.—President Roosevelt and the United States are favoring anarchy, was the startling announcement made by Rev. Dr. Mutchler at the annual meeting of the International Sabbath Alliance, of which he is president.

"Briefs have been prepared and sent to Washington, and next week President Roosevelt and Secretary Metcalf will have to put themselves on record."

The denunciation of the president and the government is based on the fact that the sailors at League Island navy yard, near Philadelphia, were allowed to play baseball on Sunday in spite of the protests of the alliance.

Jealous Wife Kills Rival.

Baltimore, Md., Nov. 27.—Maddened by the belief that her husband's affections had been stolen from her by Mrs. Sallie Brown, Mrs. Annie E. Maith shot and instantly killed Mrs. Brown. Two bullets from a 32-caliber revolver entered the victim's forehead. The shooting occurred in Mrs. Brown's home, and was done in the presence of the husband of Mrs. Maith. Immediately after the shooting Mrs. Maith went to the nearest police station and gave herself up.

Train Killed Young Man

Princeton, N. C., Nov. 27.—Iredell Talton met a ghastly sight when he was leaving his residence early Sunday. The body of J. Frank Holt, a well known white man 24 years of age, was lying mangled beside the railroad track in front of Talton's door. The jury's verdict was that Holt was killed by a passenger train.

THE FUND IS SHORT.

Treasurer Matheson Shows Charity Fund to Be In the Hole.

Editor Sun: In the announcement of the Thanksgiving service to be held in the First Baptist church this morning, I notice a statement to the effect that there are no funds in the treasury for the Charity Association. The condition is really worse than this. The statement prepared by the treasurer on last Thanksgiving showed a small balance on hand for the year ending with Thanksgiving, 1906. This year the account is overdrawn $23.26. In other words, we start out this year with a shortage of $23.26.

The contribution at last year's Thanksgiving service amounted to $28.75. Since that time, $12 have been contributed by individuals. The Association has paid out since last Thanksgiving for various purposes the sum of $109.25. It can be seen at once that unless the contributions this year are much larger than that of last year, the association will be able to accomplish practically nothing. This is the condition that confronts us.

We hope that our people will respond liberally to this worthy cause.

Respectfully,
C. MATHESON, Treas.

FOOTBALL TODAY.

University of Florida and Riverside Teams Will Play Here.

There will be "something doing for fair" on the local gridiron this afternoon when the University and Riverside football teams will cross again, for the second time this season. The two teams competed for honors in Jacksonville a few days ago, which resulted in a complete victory for the University.

Riverside has one of the fastest teams in the country, and are confident that they will win back the lost laurels today. The University boys are equally confident that they will hold their record. They are in excellent condition, physically and otherwise, and feel sure that everything will come their way.

At any rate, this game promises to prove an interesting one, and those who attend are assured of an exciting contest.

The game will be called at 3 o'clock.

G. H. S. vs. Scrubs.

Besides the game today between the Riverside and University teams there will be a game between the University Scrubs and High School team. This game will start at 2:30 and all who buy tickets for the Riverside-University game will be admitted free. The following is the names of players:

G. H. S.—Mershon, center; Means, right guard; Bowers, left guard; Padgett, right tackle; Bruce, right end; Taylor, left end; Douglass, quarterback; Taylor, left-half-back; Harter, right half-back; Padgett, C., full-back.

University Scrubs—Bouist, Burgen, Sims, Howell, Persons, Roberts, Stevens, Shands, Lewis, Robinson, La-

The last time these two teams met neither side could score, and this time something must drop."

Always Was Sick.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think he should say he never was sick using Ballard's Horehound Such a man exists. Mr. J. COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulæ, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great, blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet *does cure* all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" *in time* and it is not likely to disappoint you if only you give it a *thorough* and *fair* trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

THANKSGIVING SERVICES.

Rev. T. P. Hay at First Baptist Church. Rev. Craighill at Episcopal.

Services will be observed this Thanksgiving day at two places of worship in the city, and one is a Thanksgiving union service at the Baptist church. This service will no doubt be largely attended. Rev. Thos. P. Hay, pastor of the First Presbyterian church, will deliver the sermon this morning in a union service at the First Baptist church at 10 o'clock, at which an offering will be taken for charity. Mr. Hay is a fine speaker, and will deliver no doubt a most masterly address.

At Holy Trinity church Rev. Francis H. Craighill announces there will be morning prayer and sermon and holy communion at 10 o'clock. Mr. Craighill is also a fine speaker, and will be greeted by a fine audience.

CATARRH YIELDS

To Healing Air of Hyomei—Sold Under Guarantee by J. W. McCollum & Co.

Catarrh is the most prevalent disease known to humanity. Probably ninety per cent of the people in this country suffer at one time or another with this common disease.

It is a germ disease and hence can be cured only by some method that will reach and destroy the germs.

This is best found in Hyomei, which may be called the direct method of treating catarrh, as its medication, taken in with the air you breathe goes directly to every air cell in the nose, throat and lungs, kills all catarrh germs, heals the irritated mucous membrane and vitalizes the tissue so as to render catarrh no longer possible.

The unique way in which Hyomei is sold should dispel all doubts as to its curative properties, for J. W. McCollum & Co. give their absolute guarantee to refund the price to any catarrh sufferer that Hyomei fails to benefit. You do not risk a cent in testing its healing powers. What offer could be more fair to you than this, where a leading druggist takes all the risk of Hyomei giving satisfaction, and leaves you to be the judge?

Boy Badly Burned.

A two-year-old son of Mr. and Mrs. Perry, East Lemon street, was badly burned Tuesday, his clothing having been ignited while playing in the fire. Dr. Lartigue was summoned, and rendered professional aid, but the child is yet suffering a great deal.

There's No Use

Talking—you can't beat Herbine for the liver. The greatest regulator ever offered to suffering humanity. If you suffer from liver complaint, if you are bilious and fretful, its your liver, and Herbine will put it in its proper condition. A positive cure for constipation, biliousness, dyspepsia and all ills due to a torpid liver. Try a bottle and you will never use anything else. Sold by W. M. Johnson.

HOSPITAL AID ASSOCIATION.

Interesting Meeting Was Held Tuesday Afternoon at Mrs. Richards'.

A meeting of the Ladies' Hospital Aid Association was held Tuesday afternoon at the residence of Mrs. B. P. Richards.

Mr. W. W. Hampton, president of the Association; Dr. Thos. P. Hay, chairman of the executive committee, and Mr. Ferdinand Bayer, secretary of the association, were present by invitation, and laid before the Aid Association the work and needs of the hospital.

This institution is now in charge of Mrs. Bradley, a graduated nurse and very competent superintendent, and is doing excellent work. The hospital can furnish on short notice skilful trained nurses to the people of Gainesville. The ladies manifested the liveliest interest in the hospital, and carefully appropriated the fund in their treasury to aid the hospital in the large charity work it has been doing.

This Aid Association is a powerful and needful help to the hospital, and will do much to make it a great and lasting benefit to the city and county.

JESSE SHAW MARRIED.

Well-Known Young Man of Alachua Takes Unto Himself a Wife.

On Wednesday, the 20th inst., Jesse M. Shaw, a well-known citizen of the Alachua section, was married to Miss Clyde Trissel, a popular young lady, at Jacksonville.

Mr. and Mrs. Shaw have gone on a wedding trip, and will be at home to their friends in Alachua after December 10.

Friends of Mr. Shaw extend the heartiest congratulations, with best wishes for a happy married life.

Chafing-Dish Party.

On Tuesday afternoon from 4 to 6 o'clock Miss Irene McCreary entertained in honor of her guest, Miss Blanch Egerton, and Miss Helen Parkhill, at a delightful chafing-dish affair.

Fourty-four of the intimate friends of the hostess were present. One of the most enjoyable features of the afternoon was the delightful instrumental and vocal selections rendered by four of the young ladies. Misses Whetstone and Brant prepared the rarebit, while Miss Heloise Vidal presided at the chocolate pot.

Besides the two guests of honor, another out-of-town guest was Miss Pansy Souter of Ocala, who is visiting Miss Alma Fennell.

The guests departed all agreeing that Miss McCreary makes a most gracious and delightful hostess.

B. B. LOWMAN IS FOUND NOT GUILTY

Geo. Lowman Guilty of Murder in The First Degree.

BUT RECOMMENDED TO MERCY

Such Was the Verdict of the Jury in This Celebrated Case—Tried for the Murder of Dunlap Phinney in Levy County in June, 1907.

Judge Wills called court to order promptly at 8 o'clock yesterday morning, when the jury in the Lowman case was called, and the third day of the trial of this celebrated case was begun.

O. O. Smith of Raleigh was sworn for the defense. On the night after the killing he met Lawrence Gibson in his store and asked him to tell him (Smith) how it happened, as he wanted to know something about it. Gibson replied that he really knew little about the affair, that he and B. B. Lowman were in the office when the shooting began and he did not know how he got out without being hit; that Gibson showed him where a bullet went through the railing enclosing the office and also where another bullet struck a trunk. On cross-examination he said Gibson told him these shots were fired by Phinney, as he was the only one shooting in that direction.

A. L. Lowman was sworn and corroborated the testimony of the above witness, they giving almost the same testimony word for word. The witness also stated that on the day of the inquest he heard Pink Gibson say he had had it in for George Lowman a long time, and though Cap. Phinney did not "get him" he (Pink) now "had him where he wanted him." Col. Rivers failed to "shake" the testimony of this witness on cross-examination.

During the cross-examination Judge Carter inquired of the stenographer if she was getting down everything that was said, including the "ah! ha!!" of the State Attorney. She replied in the affirmative, whereupon Col. Rivers remarked that he desired same to appear in the record.

Dr. DePass on Stand.

Dr. M. H. DePass of Archer, who attended B. B. Lowman, testified as to the wound inflicted and the probable position of the two men when Lowman received the bullet in his arm. Judging from the course the bullet took he would say they were in the same position, though it was possible for a bullet to deflect in any direction under certain conditions, but not probable in this instance. Here it was agreed between counsel to examine Dr. DePass along an entirely different line, and the witness was asked that if on a day previous to the killing B. B. Lowman had been with him in his automobile. Dr. DePass answering in the affirmative, Judge Carter asked what conversation occurred between them on that occasion. Col. Rivers promptly interposed an objection on behalf of the State. It was agreed to send the jury out, so that defense may show to court what they expected to prove by Dr. DePass' answer. The jury having retired Judge Carter stated that he expected to prove by the witness that B. B. Lowman expressed no enmity for Phinney and stated to witness that he certainly would not bother him unless Phinney molested him. Judge Carter read various authorities to show the admissability of the evidence. He admitted that under the general rule such evidence was not admissable, but that the present case came under the general exception. At the conclusion of Judge Carter's argument Judge Wills ordered the jury brought back into the court room and sustained the objection of the State and noted an exception for the defense.

Geo. Long, colored, of Archer, was sworn. He conducted a restaurant at Archer and remembered the time he and Geo. Lowman had the "spat" He did not hear George Lowman mention Dunlap Phinney's name or say anything about a pistol. On cross-examination he said he was not excited at the time, but had business to attend to.

B. B. Lowman,

Father of the other defendant, was called to the witness box in his own behalf. After giving some preliminaries as to what he did on the day of the tragedy, he said that in the afternoon of the day he and his son George went to Raleigh and hitched the team to a post in front of Gibson's store. While his son was hitching the team he went into Gibson's store and told him he wanted to settle his account. Phinney was in the store but left when witness had entered. Defendant and Gibson entered the office and he was endorsing some checks when the shooting began. Witness rose, and Lawrence Gibson walked out the door. As witness rose to leave the office, Phinney fired at him, splinters flying in face of witness. When I got out the office Phinney and I met in about six feet of each other. We both commenced shooting and I partially fell, being struck by a bullet and my pistol falling from my hand. He then detailed having his arm bandaged and going home. Witness never had said anything about drinking Phinney's blood at Newsom's commissary. The boys were quarrelling and in a pacifying way I said to them "blood is thicker than water." He knew Robert Coleman, and had never sent any message to Phinney by him. When he met Phinney the latter had a drawn pistol and when witness fired he believed himself in imminent danger of great bodily harm.

On cross-examination witness said he had to go in opposite direction from Phinney to leave the office, only a step or two, when he turned and faced him. He did not know how many times he shot Phinney; he was excited, as most any man would have been. He did not know it was Phinney's horse at the door or he would not have entered the store at all. When Phinney shot him he partially fell to his hands and knees in endeavor to recover his pistol with his left hand. He was in that position some time, and when he got the pistol he left the store.

Hardy Blitch was recalled and testified on direct examination that the reputation of Dunlap Phinney was bad. On cross-examination he admitted that his wife was a niece of B. B. Lowman.

John Robinson, deputy sheriff of Levy county, also testified that the reputation of Phinney was bad. Witness had a daughter married to a son of B. B. Lowman.

J. P. Bauknight of Gainesville knew Dunlap Phinney from boyhood, up to sixteen years ago, when he left Wacahoota. His general reputation and violence up to that time was bad.

Dr. M. H. DePass was recalled. He knew Dunlap Phinney in his lifetime and his general reputation for turbulence and violence was bad. On cross-examination said his knowledge was from hearsay.

Here the defense closed, and attorneys for the State were given 30 minutes in which to confer as to rebuttal testimony they would offer.

State's Rebuttal.

O. G. Joyner was at Raleigh on day of killing. He went to body of Dunlap Phinney, which was lying near east door of building, his head towards the door. There was an oil tank near body, in which tank there were two bullet holes, one on south side and one on north side, tank was a little to left of Phinney's feet. Witness testified as to bullet hole in railing and ceiling.

D. E. Williams testified as to dimensions of east door of Gibson's store, saying it was four feet wide. B. B. Lowman had testified it was about three and one-half feet wide.

J. L. S. Watkins testified that the general reputation of Hiers, who testified for the defense, was bad. Hiers was generally engaged selling fruit trees.

F. M. Hester corroborated the former witness, going so far as to say he would not believe Hiers on his oath.

J. B. Epperson could not testify as to reputation of Hiers in the community in which Hiers now resides.

Here the State closed.

The defense stated that no surrebuttal testimonny would be offered, and at 11:50 a. m. court adjourned until 2 p. m.

Argument of Attorneys.

At the conclusion of the testimony Col. A. V. Long of Starke opened the argument for the State in a clear, impassioned and forcible statement of the case from the prosecution's point of view. Judge E. A. Pinnelle, the venerable jurist of Bronson, followed with a strong argument in behalf of the defendants.

Then came one of those strong, clear, forcible arguments for which Judge Syd L. Carter is noted. He reviewed the evidence and commented upon it in a convincing manner, turning every point in favor of the defendants which it was possible to make in their behalf. He closed with a plea for the defendants which brought tears to the eyes of more than one member of the jury, during which time the elder Lowman, his wife and little children, the youngest in her father's arms, were sobbing aloud.

State Attorney Rivers closed the case with one of his usually strong arguments. He reviewed and commented upon the evidence at length, and appealed to the jury not to forget the widow and orphans of the dead man when they retired to the jury-room to make up their verdict.

Judge Wills charged the jury in a fair and impartial manner and at 6:20 o'clock the fate of Bascom B. Lowman and his son, Geo. B. Lowman, was left in the hands of the twelve men who had been selected to deliver a verdict in accordance with the law and evidence.

The court then took a recess until 9 p. m., the Judge stating that he would reconvene the court if sent for earlier.

The court-room was crowded during the entire three days of the trial, many of those present being from Levy county.

The Verdict.

The jury was out just three hours and fifteen minutes, part of which time they spent at supper. At 9:35 a rap on the door called Sheriff Fennell to the jury room, when he was informed that they were ready to report. The twelve men filed into the jury box, their names were called, and the question asked if they had agreed upon a verdict, to which A. A. McRae, the foreman, answered, "We have," and handed Clerk Wienges the piece of paper which decided the fate of the two men. Clerk Wienges read:

"We, the jury, find B. B. Lowman not guilty, and Geo. B. Lowman guilty of murder in the first degree, with a recommendation to mercy—A. A. McRae, foreman."

The father whispered words of comfort to his son, and hastened to join his wife.

Judge Wills then adjourned court until 2 p. m. Monday.

A motion for a new trial will be made in the case of the convicted man, and if this is denied an appeal will be taken to the supreme court.

Note—For evidence in early part of trial see PAGE TWO.

A HALF MILLION IS NEARLY REACHED

Gainesville Postoffice Enjoys Most Successful Fiscal Year.

THE POSTMASTER IS AMBITIOUS

He Has a Fine Lieutenant in Assistant Bell and a Good Force, and Business Steadily Increases—Fourteen Employes Now With Local Office.

Gainesville, it would appear from the observation of those who study the conditions here, is going ahead by leaps and bounds, every year showing up to much better commercial and financial advantage that the previous period.

As will be seen by notice of the compiler of the City Directory, the city has increased within the past two years and a half about thirty-three and a third per cent in population, the increase having been since June, 1905, 2,081 names.

But the population has not been the only thing which has shown an increase, and the most important of these is the increase in the United States postoffice receipts, etc.

If anyone should hear that the money order business of the Gainesville postoffice alone for the last fiscal year aggregated $400,000—nearly a half-million dollars—they would not feel disposed to believe it; but if figures don't misrepresent things—and Government officials cannot afford to be misrepresented—an investigation will show that such is a fact. The business through the Gainesville postoffice, which a few years ago was comparatively insignificant, aggregated for the fiscal year ending June 30, 1907, $400,000.

Few people realize and appreciate the magnitude of the Gainesville postoffice, which Postmaster Lynch and his assistant, J. P. H. Bell, have brought up to such a standard of excellence. The public does not realize that there are employed by this office fourteen men, with the probability of an increase for the coming year, as requisition has been made for two additional men, the business being so heavy that it has been found almost impossible to handle it.

But such is the case, which is another evidence of Gainesville's healthy condition, and thanks are due not only to the public, but especially to Postmaster Lynch and Assistant Postmaster Bell for their energy.

This was shoveled into a bag, and then them to the Hoten Hotel, they had previously engaged. They were just about to leave the hotel when officers learned of the crime and attempted to break down door.

Before they succeeded, however, the robbers jumped from a window on to an adjoining roof, taking the $700 in gold, and leaving the in silver in the room. A posse organized, and the county scoured for the men.

Before the highwaymen left the bank building they called up the telephone operator and requested her to send some one to the bank to release the three bank officials locked in the vault.

When Charles Parker, cashier of the bank, opened the vault they were almost suffocated.

B. B. LOWMAN IS FOUND NOT GUILTY

Geo. Lowman Guilty of Murder in The First Degree.

BUT RECOMMENDED TO MERCY

Such Was the Verdict of the Jury in This Celebrated Case—Tried for the Murder of Dunlap Phinney in Levy County in June, 1907.

Judge Wills called court to order promptly at 8 o'clock yesterday morning, when the jury in the Lowman case was called, and the third day of the trial of this celebrated case was begun.

O. O. Smith of Raleigh was sworn for the defense. On the night after the killing he met Lawrence Gibson in his store and asked him to tell him (Smith) how it happened, as he wanted to know something about it. Gibson replied that he really knew little about the affair, that he and B. B. Lowman were in the office when the shooting began and he did not know how he got out without being hit; that Gibson showed him where a bullet went through the railing enclosing the office and also where another bullet struck a trunk. On cross-examination he said Gibson told him these shots were fired by Phinney, as he was the only one shooting in that direction.

A. L. Lowman was sworn and corroborated the testimony of the above witness, they giving almost the same testimony word for word. The witness also stated that on the day of the inquest he heard Pink Gibson say he had had it in for George Lowman a long time, and though Cap. Phinney did not "get him" he (Pink) now "had him where he wanted him." Col. Rivers failed to "shake" the testimony of this witness on cross-examination.

During the cross-examination Judge Carter inquired of the stenographer if she was getting down everything that was said, including the "ah! ha!!" of the State Attorney. She replied in the affirmative, whereupon Col. Rivers remarked that he desired same to appear in the record.

Dr. DePass on Stand.

Dr. M. H. DePass of Archer, who attended B. B. Lowman, testified as to the wound inflicted and the probable position of the two men when Lowman received the bullet in his arm. Judging from the course the bullet took he would say they were in the same position, though it was possible for a bullet to deflect in any direction under certain conditions, but not probable in this instance. Here it was agreed between counsel to examine Dr. DePass along an entirely different line, and the witness was asked that if on a day previous to the killing B. B. Lowman had been with him in his automobile. Dr. DePass answering in the affirmative, Judge Carter asked what conversation occurred between them on that occasion. Col. Rivers promptly interposed an objection on behalf of the State. It was agreed to send the jury out, so that defense may show to court what they expected to prove by Dr. DePass' answer. The jury having retired Judge Carter stated that he expected to prove by the witness that B. B. Lowman expressed no enmity for Phinney and stated to witness that he certainly would not bother him unless Phinney molested him. Judge Carter read various authorities to show the admissability of the evidence. He admitted that under the general rule such evidence was not admissable, but that the present case came under the general exception. At the conclusion of Judge Carter's argument Judge Wills ordered the jury brought back into the court room and sustained the objection of the State and noted an exception for the defense.

Geo. Long, colored, of Archer, was sworn. He conducted a restaurant at Archer and remembered the time he and Geo. Lowman had the "spat" He did not hear George Lowman mention Dunlap Phinney's name or say anything about a pistol. On cross-examination he said he was not excited at the time, but had business to attend to.

B. B. Lowman,

Father of the other defendant, was called to the witness box in his own behalf. After giving some preliminaries as to what he did on the day of the tragedy, he said that in the afternoon of the day he and his son George went to Raleigh and hitched the team to a post in front of Gibson's store. While his son was hitching the team he went into Gibson's store and told him he wanted to settle his account. Phinney was in the store but left when witness had entered. Defendant and Gibson entered the office and he was endorsing some checks when the shooting began. Witness rose, and Lawrence Gibson walked out the door. As witness rose to leave the office, Phinney fired at him, splinters flying in face of witness. When I got out the office Phinney and I met in about six feet of each other. We both commenced shooting and I partially fell, being struck by a bullet and my pistol falling from my hand. He then detailed having his arm bandaged and going home. Witness never had said anything about drinking Phinney's blood at Newsom's commissary. The boys were quarrelling and in a pacifying way I said to them "blood is thicker than water." He knew Robert Coleman, and had never sent any message to Phinney by him. When he met Phinney the latter had a drawn pistol and when witness fired he believed himself in imminent danger of great bodily harm.

On cross-examination witness said he had to go in opposite direction from Phinney to leave the office, only a step or two, when he turned and faced him. He did not know how many times he shot Phinney; he was excited, as most any man would have been. He did not know it was Phinney's horse at the door or he would not have entered the store at all. When Phinney shot him he partially fell to his hands and knees in endeavor to recover his pistol with his left hand. He was in that position some time, and when he got the pistol he left the store.

Hardy Blitch was recalled and testified on direct examination that the reputation of Dunlap Phinney was bad. On cross-examination he admitted that his wife was a niece of B. B. Lowman.

John Robinson, deputy sheriff of Levy county, also testified that the reputation of Phinney was bad. Witness had a daughter married to a son of B. B. Lowman.

J. P. Bauknight of Gainesville knew Dunlap Phinney from boyhood, up to sixteen years ago, when he left Wacahoota. His general reputation and violence up to that time was bad.

Dr. M. H. DePass was recalled. He knew Dunlap Phinney in his lifetime and his general reputation for turbulence and violence was bad. On cross-examination said his knowledge was from hearsay.

Here the defense closed, and attorneys for the State were given 30 minutes in which to confer as to rebuttal testimony they would offer.

State's Rebuttal.

O. G. Joyner was at Raleigh on day of killing. He went to body of Dunlap Phinney, which was lying near east door of building, his head towards the door. There was an oil tank near body, in which tank there were two bullet holes, one on south side and one on north side, tank was a little to left of Phinney's feet. Witness testified as to bullet hole in railing and ceiling.

D. E. Williams testified as to dimensions of east door of Gibson's store, saying it was four feet wide. B. B. Lowman had testified it was about three and one-half feet wide.

J. I. S. Watkins testified that the general reputation of Hiers, who testified for the defense, was bad. Hiers was generally engaged selling fruit trees.

F. M. Hester corroborated the former witness, going so far as to say he would not believe Hiers on his oath.

J. B. Epperson could not testify as to reputation of Hiers in the community in which Hiers now resides.

Here the State closed.

The defense stated that no surrebuttal testimonny would be offered, and at 11:50 a. m. court adjourned until 2 p. m.

Argument of Attorneys.

At the conclusion of the testimony Col. A. V. Long of Starke opened the argument for the State in a clear, impassioned and forcible statement of the case from the prosecution's point of view. Judge E. A. Pinnelle, the venerable jurist of Bronson, followed with a strong argument in behalf of the defendants.

Then came one of those strong, clear, forcible arguments for which Judge Syd L. Carter is noted. He reviewed the evidence and commented upon it in a convincing manner, turning every point in favor of the defendants which it was possible to make in their behalf. He closed with a plea for the defendants which brought tears to the eyes of more than one member of the jury, during which time the elder Lowman, his wife and little children, the youngest in her father's arms, were sobbing aloud.

State Attorney Rivers closed the case with one of his usually strong arguments. He reviewed and commented upon the evidence at length, and appealed to the jury not to forget the widow and orphans of the dead man when they retired to the jury-room to make up their verdict.

Judge Wills charged the jury in a fair and impartial manner and at 6:20 o'clock the fate of Bascom B. Lowman and his son, Geo. B. Lowman, was left in the hands of the twelve men who had been selected to deliver a verdict in accordance with the law and evidence.

The court then took a recess until 9 p. m., the Judge stating that he would reconvene the court if sent for earlier.

The court-room was crowded during the entire three days of the trial, many of those present being from Levy county.

The Verdict.

The jury was out just three hours and fifteen minutes, part of which time they spent at supper. At 9:35 a rap on the door called Sheriff Fennell to the jury room, when he was informed that they were ready to report. The twelve men filed into the jury box, their names were called, and the question asked if they had agreed upon a verdict, to which A. A. McRae, the foreman, answered, "We have," and handed Clerk Wienges the piece of paper which decided the fate of the two men. Clerk Wienges read:

"We, the jury, find B. B. Lowman not guilty, and Geo. B. Lowman guilty of murder in the first degree, with a recommendation to mercy—A. A. McRae, foreman."

The father whispered words of comfort to his son, and hastened to join his wife.

Judge Wills then adjourned court until 2 p. m. Monday.

A motion for a new trial will be made in the case of the convicted man, and if this is denied an appeal will be taken to the supreme court.

Gainesville Postoffice Enjoys Most Successful Fiscal Year.

THE POSTMASTER IS AMBITIOUS

He Has a Fine Lieutenant in Assistant Bell and a Good Force, and Business Steadily Increases—Fourteen Employes Now With Local Office.

Gainesville, it would appear from the observation of those who study the conditions here, is going ahead by leaps and bounds, every year showing up to much better commercial and financial advantage that the previous period.

As will be seen by notice of the compiler of the City Directory, the city has increased within the past two years and a half about thirty-three and a third per cent in population, the increase having been since June, 1905, 2,081 names.

But the population has not been the only thing which has shown an increase, and the most important of these is the increase in the United States postoffice receipts, etc.

If anyone should hear that the money order business of the Gainesville postoffice alone for the last fiscal year aggregated $400,000—nearly a half-million dollars—they would not feel disposed to believe it; but if figures don't misrepresent things—and Government officials cannot afford to be misrepresented—an investigation will show that such is a fact. The business through the Gainesville postoffice, which a few years ago was comparatively insignificant, aggregated for the fiscal year ending June 30, 1907, $400,000.

Few people realize and appreciate the magnitude of the Gainesville postoffice, which Postmaster Lynch and his assistant, J. P. H. Bell, have brought up to such a standard of excellence. The public does not realize that there are employed by this office fourteen men, with the probability of an increase for the coming year, as requisition has been made for two additional men, the business being so heavy that it has been found almost impossible to handle it.

THE MASONIC TEMPLE WILL BE A FINE ONE

Plans Showing Magnificent Building Now Ready for Approval.

TO BE MAGNIFICENT STRUCTURE

Will be Composed of Stone and Brick, Two Stories High, Colonial Design, With Leading Club Features—Will be a Credit to Masonic Fraternity.

From Tuesday's Daily Sun:

Plans are about completed for the elegant proposed Masonic Temple for Gainesville, which will make one of the handsomest, most modern and convenient buildings of the kind in the country. While the building will not be as large as others, it will afford ample accommodations for the fraternity here for several years.

The building, of which a description has already been published in The Sun, will be located on the property at the corner of West Main N. and East Court streets, so long owned by the Episcopalians and used as a church ground. The structure will be composed of stone and brick, will be two stories in heighth, with a Colonial finish, and will comprise regular club features. The lower floor will contain the banquet-room in the center, surrounded by the ladies' and gentlemen's parlors, reception and reading-rooms, billiards halls for ladies and gentlemen, kitchen, pantry, etc., all most conveniently arranged. The second floor will comprise the lodge room, property rooms, ante-rooms, etc., the plans on this floor having been made for special convenience of lodge features. There will also be, as provided in these plans, separate rooms for the various degrees of the order, where every branch of the fraternity may keep their paraphernalia, costumes, etc., separate from the other branches without the necessity of the locker system.

It is understood that the building committee of the Masonic fraternity will meet Wednesday evening, when Contractor S. H. Dempsey will have the plans ready for inspection and approval of the committee. It is expected that the contract will be let immediately, if the plans are satisfactory, and in that event work will no doubt begin in a very short time.

Grand Chancellor Lynch Has Been on a Tour of West Florida.

Grand Chancellor L. C. Lynch of the Knights of Pythias is at home again, after an extended tour of West Florida, where he went to make official calls.

Mr. Lynch visited Sneads, Bristol, Apalachicola, Carrabelle and other points. At Sneads and Bristol he had the pleasure of attending the district conventions, in both instances the meetings being largely attended, and a great deal of enthusiasm manifested.

Grand Chancellor Lynch stated that he found the order in a very flourishing condition at every point visited, and he felt very much encouraged over the progress being made. At Apalachicola and Carrabelle the brothers treated him to an old-time fish supper, which it is needless to add was very much enjoyed.

Mrs. Sue D. Feaster Entertains in Honor of Bridal Couple.

Micanopy, Nov. 25.—Mrs. Sue D. Feaster entertained a select crowd of friends Tuesday night in honor of her niece, Mrs. Ford of Lynchburg, Virginia. Music and games were indulged in until a late hour, when cake and chocolate were served. Mrs. Feaster was assisted in entertaining by Mrs. H. C. Crawford and Otis Feaster. Mrs. Ford was girlishly beautiful in a gown of pale pink mull, trimmed with valenciennes. The hostess wore white, with touches of blue. Mr. and Mrs. Ford have recently arrived in Micanopy from Lynchburg on their wedding tour. They leave the coming week for Ocala, from thence to Virginia, where they will reside permanently. They have made many friends here during their brief stay who will regret their departure.

Quite a crowd of young folks attended a cane-grinding Thursday night at M. Bauknight's home, west of town. Juice was plentiful, the crowd merry, and all present had a good time.

A fish fry was given Mr. and Mrs. Ford at beautiful Lake Wauburg last Thursday. Mr. and Mrs. O. L. Feaster, Mrs. Sue Feaster, Mr. Smith and others were present.

The ladies of the M. C. A. tendered a reception to their friends at the hospitable home of Dr. Johnson last Thursday evening. Dr. and Mrs. Johnson were a charming host and hostess and made the time pass pleasantly for everyone. Mr. Melton sang several beautiful selections, while Mrs. Lamb contributed several instrumental solos. Rev. Thrasher added to the pleasure of all by his rendition of "The Holy City." Later the guests repaired to the dining-room, where an excellent supper was spread, consisting of a salad course, pickles, sandwiches, cake and coffee. The table was beautifully decorated in pink roses and ferns. Those present were: Dr. and Mrs. Johnson, Mr. and Mrs. J. J. Barr, Dr and Mrs. J. D. Watkins, Mr. and Mrs. C. E. Melton, Mr. and Mrs. A. G. Lamb, Mr. and Mrs. C. W. Merry, Mr. and Mrs. A. B. Mott, Mr. and Mrs. K. Ford, Mr. and Mrs. J. L. Hare, Mr. and Mrs. A. E. Smith, Mr. and Mrs. O. L. Feaster, Mr. and Mrs. J. B. Simonton, Mr. and Mrs. J. E. Thrasher, Mrs. Sue Feaster, Mrs. W. D. Bobbitt, Mrs. Arnow, Mrs. Edwards, Mrs. B. F. Matthews, Miss Matthews, Mrs. Snowden, Rev. Thrasher and Dr. Z. M. Price.

Miss Josie Carlton made a flying visit to Gainesville Tuesday.

E. G. Rivers spent Sunday in Alachua.

Capt. J. W. Carter made a trip to Gainesville Saturday.

A good many of our townspeople spent part of the week in Gainesville attening court.

Mrs. J. R. Emerson is visiting her daughter, Mrs. Henry Simpson.

W. D. Bobbitt is moving his family into the house formerly owned by J. N. Craig, but now the property of J. D. Merry. O. L. Feaster will move into the house vacated by Mr. Bobbitt, which he has recently purchased.

Rev. Thrasher delivered two excellent sermons at the Baptist church Sunday. Micanopy is certainly fortunate in securing such an eloquent man for the ensuing year. Rev. Thrasher intends moving his family from Georgia to our town. We will be glad to welcome them in our midst.

Dr. Z. M. Price is in town again. He has recently returned from Atlanta, where he went to undergo an operation for cataract of the eye. The operation was a success and his friends are rejoicing with him in his good fortune. He is contemplating locating at McIntosh.

We are certainly glad to see Mrs. J. D. Reeves out again. She is just recovering from a severe case of typhoid fever, having been confined to her bed for three or four months.

At the Methodist Church.

A most enjoyable feature of the services at the Methodist church Sunday evening was the tenor solo, "The Way of Peace," by J. A. Goodwin, which was thoroughly enjoyed, especially by those who understand and appreciate good music.

Mr. Goodwin is possessed of an unusually clever voice, well trained, and his work is always of the highest standard. The Methodist church is indeed fortunate in securing his services on the choir.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

THE LOWMAN CASE IS NOW ON TRIAL

All of Monday Occupied In Completing a Jury.

72 VENIREMEN WERE EXAMINED

J. H. Kincaid Excused After Panel Had Been Tendered and Accepted—Night Session Required to Complete Jury. Judge Carter on Counsel for Defense.

From Tuesday's Daily Sun:

The entire time of the circuit court was occupied Monday in securing a jury in the Lowman murder case, the panel not being completed until 8:30 p. m. when the following twelve men were sworn to try the case:

E. Dyess, L. C. Doane, A. A. McRae, W. G. Carter, James Cellon, J. C. Stokes, E. K. Anderson, Burrell Wiggins, H. J. Riles, John Thomas, W. B. Scarborough, Moses Edelstein.

The defense, which is represented by Judge Syd L. Carter, Hon. John R. Wills and Judge E. A. Pinnelle & Son as counsel, exhausted nineteen of their twenty challenges, while State Attorney J. M. Rivers and his assistants Hon. A. V. Long and Col. J. A. Williams, had only one of the ten challenges left when the State tendered the panel and the same was accepted. The court had excused thirty-two veniremen for cause.

A Peculiar Incident.

At one time after the panel had been tendered by the State and accepted by the defense, J. H. Kincaid stood up and solemnly informed the court that he did not believe he could do justice in the case. After considerable questioning by Judge Wills the juror was excused, and the work of examining additional veniremen was taken up, another half-hour being required to complete the panel.

After the jury was sworn and Deputy Sheriff I. T. Walker sworn in as bailiff court adjourned until 9 o'clock this morning, when the taking of testimony will begin.

From Wednesday's Daily:

The second day of the trial of the Lowmans, father and son, for the murder of Dunlap Phinney at Raleigh, Levy county, on the 8th of June, 1907, began Tuesday at 9 a. m.

State Attorney Rivers read the indictment to the jury, the fifty or more witnesses were placed under the rule, and the task of the State making out its case was begun by calling to the witness stand Lawrence Gibson, a colored negro, who conducts an extensive store at Raleigh, and who is also a wood contractor and postmaster.

Gibson testified that on the day of the killing Dunlap Phinney had come to town in the forenoon and he appeared to be drinking. He had a pistol. He came back in the afternoon, got drunk and asked to have some drinks charged. He also had a pistol then. Pink Gibson, his brother, was standing in the door holding a horse, and he heard the horse he recognized, the horse he was holding, belong to Cap Phinney's, and his son, George, was in the store, the father stepped to the office railing to get a drink and settle his account. Pink left the store, and Lowman asked Pink what he was running for, why did he not finish his trading. Pink said he "ain't runnin'." Phinney with an oath called him a coward. Then the shooting began, George Lowman firing back into the store and B. B. Lowman shot him down.

This is the trade-mark which is on every genuine bottle of

sold in nearly all the countries of the world. Nothing equals it to build up the weak and wasted bodies of young and old.

All Druggists; 50c. and $1.00.

On cross-examination Judge Carter was unable to shake Gibson's testimony to any material extent.

The Star Witness.

Pink Gibson, the postmaster's brother, is what is termed a "butt-headed nigger," his forehead protruding like that of a billygoat, and the way he stuck to his testimony showed that he was also "bull-headed." He was holding Cap. Phinney's horse, when the Lowman's drove up with a mule hitched to a buggy and asked whose horse he was holding; he replied "Cap. Phinney's." The Lowmans then hitched their team and came into the store. Cap. Phinney immediately left the store and started to mount his horse, when Geo. Lowman asked him (Pink) what Phinney was running for; he replied "Cap. ain't runnin'." Geo. Lowman then said to Phinney: "Come back, you bald-headed, cowardly son-of — —, and lets have it out." Lowman then began shooting, firing five or six times, the horse being shot twice and running away. Phinney getting pistol out of scabbard on saddle during shooting. When Lowman ceased firing Phinney came staggering into the store. B. B. Lowman met him and fired, Phinney returning the fire as he was "easing down." Lowman shot him after he was down and Geo. Lowman beat him in the head with his empty pistol.

On cross-examination by Judge Carter for the defense, Pink stuck firmly to his direct testimony. He had stood in the door during all the shooting, which showed that he was either scared to death or had more "sand" than most negroes. Neither he nor his brother had anything against the Lowmans, or had said in the presence of witnesses that they knew very little about the shooting.

The Female Clerk.

Maggie Cade, a rather prepossessing mulatto woman who was arrayed in handsome dress and some fine jewelry, was sworn. She clerked for Postmaster Gibson and was present during the entire affair, being in a position to see everything and everybody, and she corroborated the testimony of Lawrence and Pink in every particular.

When Judge Carter took her in hand on cross-examination for the defense she was very perverse, and acted as though she considered her "honor" questioned by his interrogatories. The Judge finally succeeded, however, in getting her to admit that she was married but did not live with her husband. No, she had nothing against George Lowman; why should she?

First White Witness.

Arthur Alford of Raleigh was the first white man placed on the stand by the State. He had gone to a commissary with the Lowmans on a certain day and heard the elder man say, when asked by Newsom to have a glass of soda, that he "would rather drink Dunlap Phinney's blood than cold soda water." He stuck to his direct testimony on cross-examination, and seemed to think like Morgan that it was not his business to answer questions propounded by attorneys for the defense.

Youthful Negro Witness.

Robert Coleman, a negro lad recently 15 years years old, was placed on the stand. He used to work for Mr Phinney and one day in August had rode the latter's horse to Raleigh, when returning home he was met by B. B. Lowman, who asked him where Dunlap Phinney was. Witness replied he was at home. Lowman said tell him he had better stay there, that he was going to kill him the next time he saw him. Several persons were present at the time.

Another White Witness.

J. P. Frye of Archer knew defendants. Prior to the killing of Phinney, one morning he went to Geo. Long's place, near the depot at Archer, to sell some eggs. Geo. Lowman was there cursing Long, and witness heard him say he had bought a new pistol to kill Dunlap Phinney and a damned negro.

Jim Davis, a negro, lived at Raleigh, knew the defendants, and testified to threats made by Geo. Lowman against Phinney. Conversation occurred in front of his (Davis') gate.

W. C. Davis lived at Williston, was at Raleigh on day Robert Coleman rode Phinney's horse to that place, and corroborated threats made by the elder Lowman against Phinney on that day.

Here the State rested its case.

Defense Confers.

When the attorneys for the prosecution announced that the State rested its case, counsel for the defendants asked for and were granted permission to retire to consult among themselves with their clients. They were out an hour and five minutes, and when they returned to the court-room the first witness called for the defense was D. E. Williams of Williston, a surveyor. He had drawn a diagram of Lawrence Gibson's store, in which Dunlap Phinney had received the fatal wound, and the defense submitted same in evidence. He pointed out to the jury the several entrances to the store, the objects located therein, describing the partitions, flooring, etc.

W. B. Aldridge of Raleigh testified that he was among the first to reach the scene of the killing. He saw a pistol laying by left hand of dead man; weapon was cocked; it was the kind of pistol which had to be cocked to shoot.

Defendant Takes the Stand.

Geo. Lowman, the younger defendant, was placed on the stand in his own behalf. On evening of day of tragedy he and his father and an old darkey went to Raleigh. On reaching Gibson's store he saw Pink Gibson holding a horse which had a scabbard on saddle with a pistol in same. He asked Pink whose horse it was; he said it was Cap. Phinney's. As he approached the store Phinney was coming out, passing about six feet from me, neither spoke, and I kept my eye on him, as he had shot me in the back several months before. Father had preceded me into the store. I saw Phinney go to his horse in a trot and put his hand on the scabbard, and as he did so I drew my pistol and we began firing at each other. As I fired the horse jumped and ran off. When I emptied my pistol I got behind some boxes. Phinney then went into the store, pistol in hand and he and father met and fired at each other. Phinney was in the act of shooting father down when I rushed up and hit him in the head with my pistol, as I had no cartridges in same. After speaking of bandaging the wounds received by his father and the two going home, in answer to questions by his counsel young Lowman denied certain statements made by Lawrence and Pink Gibson, and cited numerous threats of Phinney to kill him, which had been made to him in person by Phinney, and other threats which had been made by Phinney to parties who had communicated the same to him. He denied in toto the threats which State witnesses testified he had made against the life of Phinney.

The defendant was here turned over to the State for cross-examination, and Col. Rivers began the same. He acknowledged that he had bought a pistol since his former trouble with deceased and said he carried same for his protection.

Other Witnesses.

Jesse Lowman was then sworn for the defense. He knew the defendants and deceased. About the 3rd or 4th of August, 1906, he said that he had heard Phinney say that the next time he and George Lowman met one of them other had to die.

On cross-examination Col. Gus Long brought out the information that witness was a brother of B. B. Lowman and first cousin of Geo. Lowman, whereupon Col. Long said in a personal tone since "Cousin Jesse."

Arnold Lowman, another nephew and first cousin of the defendants, corroborated the testimony of his brother very emphatically, saying the threats were made on the end of August, 1906. Col. Long on cross-examination could not get the man to remember anything that occurred on any other particular day.

Threat by Phinney.

W. M. Hiers was then called and sworn. About three years ago near Raleigh Phinney had told him that he and Geo. B. Lowman could not live in the same county. Witness had repeated the threat to Lowman some time in December, 1906, six months prior to the killing of Phinney.

Hardy Blitch stated that some time prior to the first difficulty between Geo. Lowman and Phinney the latter had said to him one day that he understood Geo. Lowman was back in the county and intended to make it his home, but the two could not live in the same county. On cross-examination the witness acknowledged that it was himself who mentioned Geo. Lowman's return and intended to make it his home.

Here the proverbial Smith family was introduced into the case in the person of Sam Smith as a witness. He was with the defendants on the day they went into the commissary for soda water and denied that either of them had made any threat in the presence of anyone against Phinney. He was with the Lowmans all the time they were in Raleigh on that day and went home with them. Witness was a cousin of defendants. The witness said Lowman had remarked to Newsom while in the commissary that "blood is thicker than water," not that he "would rather drink the blood of Phinney than soda water," testified to by Alford one of the State witnesses. Newsom was also a cousin of the Lowmans.

W. T. Polk the next witness said he was present on the day of the alleged threats by Geo. Lowman to Geo. Long, and that he did not hear any threats. Lowman and Long were quarrelling. Witness did not hear all the conversation.

Will Lowman was sworn and said he was with his brother all the time at Geo. Long's place at Archer, heard all the conversation and Geo. Lowman made no threats against Phinney nor said anything about a pistol. He did not see Jack Frye there.

At 6:30 o'clock p. m. the court adjourned until 8 o'clock this morning.

Col. Fred Cubberly conducted part of the cross-examination for defense, as Judge Carter had to take an occasional rest on account of his feeble condition.

The reporter does not pretend to say that the above testimony is verbatim, but he has tried to give the same in condensed form and as he would have understood were he a member of the jury.

VERY ACCOMMODATING.

The Sun's Washington correspondent says Secretary Cortelyou has proved himself quite a resourceful gentleman. He has distributed the funds of the Treasury around in National banks, has set the mint to work turning out all the additional coinage possible, and now he has issued $50,000,000 worth of Panama canal bonds and $100,000,000 worth of Government certificates, all to help tide over the financial stringency. As the letter of the President to Secretary Cortelyou pointed out, the financial stringency exists more in the imagination of the public than anywhere else. The country has already imported nearly $65,000,000 worth of gold from Europe, and this, with the other measures of relief that have been afforded, have really put more money in the country than was here before the panic came. The only trouble is that the panic is still here and the money does not circulate as it should. The President points out that the industrial situation of the country was never better. There are big crops. Up to a very recent date everyone was employed at higher wages than had ever been paid before in this or any other country, and it is a little hard to see what the money flurry was over anyhow. The President approved of the scheme of the bond issue, while he deplored the unreasoning panic that made it necessary. But while it is good enough as a measure of temporary relief, it is only a palliative measure and one that should not be needed. The mere fact that the Government paper is issued is likely to send back to London a large part of the gold that has been drawn from there, and the last state of the money market will be but little better than the first. What is needed is comprehensive currency legislation. This the President has promised to recommend to Congress as soon as that body assembles, and the only good that the panic will have accomplished, if the pinch continues long enough, is to force Congress to pass some sensible currency law such as will render this Government poultice unnecessary in the future.

UNLUCKY THIRTEEN.

Superstitious Democrats are warned by a man in Maine, writing to The New York Sun, that in the name of William J. Bryan there are exactly thirteen letters; the same number in his surname and State; that he was nominated on Friday, and that in the words "Chicago Friday" there are the same number of letters. All this may have proved a "hoodoo" for Mr. Bryan, though we do not believe it, but in addition The Chicago Times-Herald said a few days after Mr. Bryan's nomination that the day he was nominated he was shaved in the Palmer House barbershop by a barber wearing badge 13, and that he left for Lincoln on car 13. The enormous Hanna corruption fund and Republican frauds were evidently unnecessary to defeat Mr. Bryan, for how can eloquence and an honest and lofty purpose overcome the superstitions fear cropping out from the greatly dreaded figures 13? says the man from Maine. But even superstitious Democrats should remember that the unlucky 13 does not always prove a hoodoo for the number of the original States was 13, and although they had to fight to attain their purpose, freedom was eventually achieved. Nor did Michigan, the thirteenth State admitted into the Union after the adoption of the Federal Constitution, have any especial bad luck until after the Republican party was entrusted with its government, since which time high taxation and corporation plundering has been the misfortune of her people, for which the majority are to blame. Democrats who believe that Mr. Bryan should be President, can, therefore, take comfort from the fact that although the 13 hoodoo appears to have dogged his political footsteps, yet as a National proposition the Democracy either overcame the bad luck attributed to that number, or escaped it, except in 1896.

Catarrh is the most prevalent disease known to humanity. Probably ninety per cent of the people in this country suffer at one time or another with this common disease.

It is a germ disease and hence can be cured only by some method that will reach and destroy the germs.

This is best found in Hyomei, which may be called the direct method of treating catarrh, as its medication, taken in with the air you breathe, goes directly to every air cell in the nose, throat and lungs; kills all catarrh germs; heals the irritated mucous membrane and vitalizes the tissue so as to render catarrh no longer possible.

The unique way in which Hyomei is sold should dispel all doubts as to its curative properties, for J. W. McCollum & Co. give their absolute guarantee to refund the price to any catarrh sufferer that Hyomei fails to benefit. You do not risk a cent in testing its healing powers. What offer could be more fair to you than this, where a leading druggist takes all the risk of Hyomei giving satisfaction, and leaves you to be the judge?

BELL NOTES.

Bell, Nov. 26.—The church organization was well attended Sunday. Brothers W. F. Maddox of Starke, F. M. Webb, Jeff Sing, Jno. Bell, William Liston, Bush of Lafayette, being in attendance. Wilson Gridin was ordained to the ministry, and a glorious meeting ensued that will long be remembered.

Miss Estella Martin of Newnans Lake is clerking for her brother, C. C. Martin.

Cane grinding is now numerous and young and old are delighted to attend the sugar boilings and spin yarns of good old times of the past.

These cold snaps are good for the farmers; they are rounding up and butchering the porkers, storing the fat of their labor for future consumption.

Mrs. Anna Hilliard is visiting her mother, Mrs. Baker, this week.

ALACHUA WILL BE THERE.

George Taylor Makes Fine Report on Recent Visit to Jacksonville.

George Taylor of Palmer, the efficient superintendent of the Gainesville Peach Orchard Company and one of the most enthusiastic residents of Alachua county, was in the city Tuesday.

Mr. Taylor, who is a member of the advisory board of the Florida Mid-Winter Exposition, which is to be held in Jacksonville, has just returned from that city, where he was in conference with the members of the board. Mr. Taylor gave the board some very valuable suggestions in the matter of a live-stock exhibit during the exposition, which was received with such favor that it was decided to devote one week special to live stock. The managers of this great enterprise, of which Major Schring is president, are determined to make it one of the greatest fairs the State has ever seen, and to that end they are working. It will not be a one-sided exposition, but something which is destined to prove of great benefit to the State in every way.

Mr. Taylor stated Tuesday that he felt sure Alachua county, which is the banner cattle county of the State when it comes to "the real thing" in pedigreed stock, would have a most creditable exhibit at this fair.

If the President is still hunting the octopus he must have decided to go on a "still hunt."

TAX NOTICE.

The tax books of Alachua county for the year of 1907 taxes are now open for the payment of taxes. Any person paying taxes during the month of November will be entitled to two per cent discount, any paying taxes during the month of December are entitled to one per cent discount; after that date, and up to the first day of April no discount will be allowed. Taxes become delinquent on the first day of April. Any money sent to the Collector, and not reaching him on or before the last of November, will not receive the two per cent discount. In other words the Collector must have the money, and a receipt issued for the taxes on or before the last day of the month for the tax payer to get the benefit of the discount. W. D. DICKINSON,
Tax Collector Alachua County.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 5 OF CHAPTER 4886, LAWS OF FLORIDA.

Notice is hereby given that John Videon, purchaser of Tax Certificate No. 319, dated the 4th day of September A. D. 1905, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Alachua county, Florida, to-wit:

MORE THAN 7,000 GAINESVILLE RUNS

Wonderful Increase in Population for Two and One-Half Years.

THE CITY HAS GROWN RAPIDLY

The Development Has Been Remarkable, Which Shows That Educational and Other Advantages of City Attracts Attention Elsewhere.

According to the statement which will be made by Jesse E. Burtz, owner, compiler and publisher of the Gainesville City Directory for 1907-8, which he hopes to have out in a few days, the increase in population of the city has been something wonderful within the past two and a half years, being more than thirty-three and one-third per cent. This is certainly a remarkable record, and a record of which any city should feel proud. It is evidence that the city is growing wonderfully, and is attracting attention everywhere.

The compiler of the directory has exercised every conservative method of securing all the information properly. He has the advantage of being well acquainted with the city, having been a resident here the past eight years, hence should be in a position to give correct and intelligent information on the subject.

The compiler completed his second edition of the Gainesville directory in 1905, in the month of June, at which time he discovered that there was a population of 5,254, of this number being 2,825 whites and 2,429 colored. He finds this year, two years and a half later a population in aggregate of 7,335, of which there are 3,900 whites and 3,435 colored—a grand increase, about the same proportion in white and colored population. What more encouraging report could be asked of a city's progress?

In speaking of the new directory, the publisher announces that he has taken his time, but that he has made as thorough canvass as could have been made. As a matter of course he does not claim the work which is soon to be before the public absolutely correct, but he will wager that it will be as near correct as the average publication of its kind. "It is absolutely impossible to bring this work down to a fine point of correctness," he said, "but we can come, in a city the size of Gainesville, within a hundred of the actual population of the town."

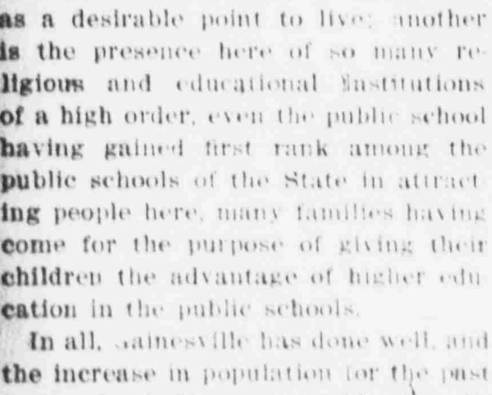
The people of Gainesville are certainly to be congratulated upon the wonderful growth the city has taken within the past three years. There are many reasons for this, principal among which is the fact of the selection of Gainesville as the seat of the State University. Another reason is the earnest, faithful and persistent efforts of the enterprising people here to bring the attention of the public throughout the country to Gainesville as a desirable point to live; another is the presence here of so many religious and educational institutions of a high order, even the public school having gained first rank among the public schools of the State in attracting people here, many families having come for the purpose of giving their children the advantage of higher education in the public schools.

In all, Gainesville has done well, and the increase in population for the past two and a half years should do credit to any city in the South.

The compiler of the directory is very much gratified at the increase in population which he has noted. A reference to his book for 1905-6, in the preface, and the population which he will give in his new work, will show an increase of which no city or town should feel anything but proud.

"Doan's Ointment cured me of eczema that had annoyed me a long time. The cure was permanent."—Hon. S. W. Matthews, Commissioner Labor Statistics, Augusta, Me.

TILGHMAN'S CONDITION



COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulæ, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great, blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet *does cure* all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" *in time* and it is not likely to disappoint you if only you give it a *thorough* and *fair* trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

PRIVATE HUNTING PARTY.

Superintendent Cutler Takes Number of Friends on Hunting Trip.

Superintendent J. B. Cutler of the Tampa and Jacksonville, Col. Robt. E. Davis, Judge J. A. Carlisle and Captain Ivers, all on pleasure bent, left Tuesday night for the fields and meadows in the vicinity of Fairfield, where they will enjoy two or three days' hunting.

The party is occupying Superintendent Cutler's private car, the Tuscawilla, which insures their comfort during the trip, as this is one of the most up-to-date private cars in this section of the country.

The Sun may have some remarkable stories to relate at the conclusion of this trip.

THE NEWS FROM MELROSE.

A Delightful Musicale—Other Notes of Interest from That Town.

Melrose, Nov. 25.—The Musicale given on Friday night at the Huffman House was a great success, and great credit is due to Mrs. A. McGregor and her clever pupils. The following program was rendered:

Trio, "Bonnie Dundee"—Misses Belle McMillion, Nettie Huffman and McGregor.

Recitation, "Baby Tommy"—Marion Yearwood.

Piano—Blossom—Miss Ada Kennedy.

Recitation—Miss Nannie Price.

Recitation, "Sweet Maiden Fair"—Theresa Yearwood.

Piano Duette—Misses Neva Husband and Nora Mullen.

Recitation, "The Garden Truck"—Lita McGregor.

Piano Solo—Miss Sadie Mullen.

Recitation, "I've Got Back Home"—Miss Mamie Goodson.

Piano, "Cathedral Echoes"—Miss Neva Husband.

Recitation—Miss Alice Lee.

Piano, "A Morning Prayer"—Miss Ada Kennedy.

Song—Nora Mullen.

At the close of the regular program Mr. O. C. Grimes very kindly entertained the audience with his fine graphophone. More than sufficient was raised to pay for tuning the school piano.

The Sabal Palm.

Editor Sun: In regard to transplanting the Sabal Palm, or cabbage palmetto, the following should be observed: This species of the palm family is one of the most difficult to transplant, being very slow in forming new roots; hence it is at the risk of the planter to plant small plants, say with only four to six leaves on them, because the sap in these young plants is insufficient to sustain the plant until new feeding roots are formed, which will take about two months. For this reason a tree from eight to fifteen feet high will start more rapidly, the same conditions being enough to keep the tree alive. The old roots on these palms should not be pruned off, the same holds true in use. After planting the tree should be kept only moderately moist.

EATH CLAIMS PRESIDENT U. D. C.

Irs. Stringer Died at Columbia, S. C., Monday Night.

WAS MUCH BELOVED WOMAN

She Had Just Attended the Convention at Norfolk, and Was Visiting in Columbia When the Sad End Came. Had Many Friends Here.

The Jacksonville Metropolis of Tuesday contains the information of the death of Mrs. Sheldon Stringer of Brooksville, the beloved president of the Florida Division of the United Daughters of the Confederacy. Mrs. Stringer had many warm friends in Gainesville, and the news of her sad death will be received with much regret here.

The Metropolis says:

The sad intelligence of the death of Mrs. Sheldon S. Stringer of Brooksville, Fla., president of the Florida Division United Daughters of the Confederacy, reached the city this morning.

Mrs. Stringer died at Columbia, S. C., last night, while en route home from the General Convention of the United Daughters of the Confederacy recently held at Norfolk.

Mrs. Stringer stopped at Columbia for a visit, and was to have arrived in Jacksonville last night to spend several days with Mrs. Drysdale, who is also a prominent member of the United Daughters of the Confederacy. This morning the sad news came that the expected guest died last night at 8:30 o'clock of pneumonia. At her bedside were her son, Dr. Stringer of Brooksville, Fla., and her daughter, Mrs. Guyan, of North Carolina, who had been summoned by telegrams.

Sympathy Extended.

A large number of persons throughout the State will extend heartfelt sympathy to the immediate family, and also to the large circle of relatives and friends resident in the State, most of whom reside at Brooksville and Tampa. Mrs. Stringer was the widow of Dr. Sheldon S. Stringer of Brooksville, who was a prominent and devoted member of the United Confederate Veterans of Florida.

Dignified and Capable.

At the convention at Norfolk Mrs. Stringer, by her dignity, culture and gentleness, held for Florida, assisted by the other ladies from the State, a position and standing in the convention second to no other State, and in advance of States with a far larger membership enrollment than Florida, which now has twelve hundred members in the organization, over which Mrs. Stringer was presiding for the second term.

We are pleased to announce that Foley's Honey and Tar for coughs and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates nor harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

Had An Eye Removed.

From Tuesday's Daily Sun:

Mr. Jack Guthrie, who had a piece of steel about three weeks ago flying into his eye to cause considerable pain, will regret to learn that an operation became necessary. Sunday afternoon Dr. J. H. Gillis removed the eye, the sight of which had been lost.

Mr. Guthrie stood the operation with remarkable coolness, and is now resting well. He has the sympathy of his friends in his misfortune.

hat Has Happened and What is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

om Tuesday's Daily Sun:

S. R. Chitty of Micanopy spent yesrday in this city on business.

R. H. Holstein of Hague was a isitor to Gainesville yesterday.

Deputy Sheriff C. H. Crisman of Micnopy is in the city attending court.

Frank Treadwell has accepted a poition as clerk at the store of Fagan Co.

E. B. and Murphy Kite of Waldo were among the business visitors to his city yesterday.

Captain J. W. Carter, Barney Harris and Holly Barnett were in the city from Micanopy yesterday.

C. C. Roundtree of Orange Heights, one of the most progressive citizens of the East End, was trading in the city yesterday.

Mr. and Mrs. R. B. Livingston and two children have gone to St. Petersburg, where they will spend a week as guests of the former's parents.

Born, Monday evening, to Mr. and Mrs. E. H. Smith, at the residence of Dr. and Mrs. J. F. McKinstry, Jr., a fine boy. Friends extend congratulations.

Miss Ella Waits of Hawthorn who has been on a visit to her sister, Mrs. Robt. L. Barton of Rocky Point, for the past few days, has returned to her home.

Engineer "Doc" Hunter of the Atlantic Coast Line, who makes his headquarters at High Springs, was among those who spent yesterday in this city.

Chas. V. McQueen of Newberry, one of the most widely known and most prominent of the West End citizens, was a business visitor to Gainesville yesterday.

Captain W. G. Shehee and R. W. Higdon, two well-known and progressive citizens of High Springs, were among the business visitors to this city yesterday.

The genial W. J. Galloway, formerly editor of The Williston Advocate but now a valued employe of the Bank of Alachua, was in town yesterday and made The Sun an appreciated call.

Mr. and Mrs. Chas. Ellithorp are now located at Clarkston, Mich., to which place they request The Sun forwarded. They say they long to be back in Florida, as it is exceedingly cold up there.

E. G. Martin of Island Grove was a welcome visitor to The Sun office yesterday. He reports the farmers of that section as being in good condition with the truck growers receiving good prices for fall vegetables.

Miss Mildred Folks of Jacksonville is spending Sunday in this city, a guest of her brother, G. D. Folks. She left today for points in the West End, where she will visit relatives and friends before returning to her home.

J. W. Kellum and L. Mead of Fairbanks were in the city yesterday. Mr. Kellum states that Frank D. Irwin, the popular agent of that place, gives evidence of his popularity in the fact that he is having his store improved in appearance by painting and repairing.

Both the North Gainesville designs of owning and occupying one of the neatest homes in his section has begun extensive alterations and additions. The home will be handsomely enlarged and will be modern architecture.

Mrs. Swartzhoutz, the dressmaker who has been residing in this city for the past few months, has gone to Jacksonville. The Madame is an artist in her line, and has decided that Jacksonville would prove more profitable as a city of larger population.

Congressman Frank Clark and wife left Sunday for Washington, where they will spend during the approaching session of congress. Congressman Clark reports the people to have no hesitancy in addressing him on any subject, as he takes pleasure in giving the matter his personal attention.

Mr. Anderson, a leading young man of High Springs, is in the city. Mr. Anderson has not only been a moving spirit in the commercial life of his town, but is also prominent in politics, being the chairman of the Democratic Club, and for some time a member of the town council.

Friends of W. E. Dow are glad to see him out again. Mr. Dow, who was stricken with paralysis several months ago, has so far recovered that he is enabled to get about the streets and call on his friends in his usual clever way. He spent several hours on the streets yesterday, and all his old associates and friends were glad to welcome him out again.

After an absence of a couple of months at LeRoy, where he has been employed as a salesman in the store of his brother, Raymond B. Newbern returned to his home in this city yesterday. Raymond, who is an exceptionally bright young man, expects to leave in a day or two for Macon, Ga., where he will enter a business college. All his friends predict for him a bright future.

Among the visitors to this city yesterday was Judge A. J. Cone of Raleigh. Judge Cone, who is an old Confederate veteran of years of actual experience, has written an interesting story of reminiscences of that memorable campaign, which will be published as soon as it can be produced from the press. It goes without saying that the work will prove of interest, as Judge Cone is a fluent writer.

Mrs. J. E. Futch, who recently visited the groves of her husband in DeSoto county, upon her return brought some very fine specimens of grape fruit which show what the condition of the crop is in that section. Mrs. Futch also brought from the grove of Dr. Smoke, formerly of Alachua but now residing in Lee county, an unusually large specimen of this fruit. The entire citrus crop, especially the grape fruit, seems to have thrived in South Florida this season, and that portion of the crop shipped has realized good prices, owing to the handsome appearance and extra fine quality.

From Wednesday's Daily Sun:

Miss Inez Phinney of Raleigh is among the visitors to this city.

Mrs. Chas. Eddy of Orange Heights was shopping in the city yesterday.

Black record carbon typewriter ribbons for legal work for sale at The Sun office.

J. B. Kennard of Waldo was among those who came to Gainesville on business yesterday.

L. H. Hall of Orange Heights, one of the leading citizens of the East End, was in the city yesterday.

Tam H. Cato and J. W. Moody, two well-known citizens of Alachua, were among the visitors to this city yesterday.

Col. E. C. F. Sanchez has gone to St. Augustine, where he will spend the next few days on business and pleasure combined.

Come and see my "Pickards" hand painted china. It is beautiful. You do not have to buy—just tell your neighbors about it. Don't forget to ask for a magazine club catalogue. They are free. P. Miller.

Mrs. J. C. Haile and baby of Alachua were in the city yesterday, spending the day with relatives. They were accompanied home by Mrs. F. H. Elmore and interesting young son, Frank, of Jacksonville, who joined them here. They will be guests of Mr. and Mrs. Haile for the next few days.

Among the prominent out-of-town folks who spent yesterday in Gainesville was W. L. Jackson, one of the oldest and most prominent citizens of Archer. Mr. Jackson states the farmers in a majority of cases are still holding their cotton for better prices, but notwithstanding this trade seems to hold up remarkably well.

Miss Alice Thomas returned to her home in this city yesterday, after an absence of four months. Miss Thomas attended the Washington Conservatory of Music, Washington, after which she visited relatives in Norwalk, New London and Royalton, Conn., New York City and Brooklyn. Friends of the young lady are delighted to welcome her home again.

W. W. Colson has returned from Arredondo, where he spent a couple of days looking after the interests of the big Colson plantation. Mr. Colson states that W. F. Gay, who has been manager of the farm very successfully for the past two or three years, has decided to return to Trenton, his former home, where he will again engage in farming. The Colson plantation at Arredondo will in future be in charge of B. H. Aiken of Micanopy, who is also a competent manager.

O. C. Smith of Cadillac was in town yesterday and renewed his subscription to The Sun.

Captain C. B. McClenny and daughter, Miss Elsie, were in the city from Cadillac Tuesday.

Captain and Mrs. J. J. Barr and Mrs. J. D. Watkins of Micanopy favored this city with a visit Tuesday.

Mrs. F. C. Crown and daughters, Misses Bessie and Cordelia, were in the city from Rocky Point Tuesday.

W. I. Polk of Morriston returned home last night, after three days spent here as a witness in the Lowman trial.

C. D. Wood of Archer was in the city yesterday. He is a member of the firm of Hodgson & Wood, general merchants.

W. D. Bobbitt of Micanopy was among those who spent yesterday in this city. Mr. Bobbitt is engaged in the manufacture of lumber.

DeWitt Hague was in the city yesterday. He was en route to Melrose, where he will spend the next two or three days with the family of Nathan Price.

Mr. and Mrs. J. T. Jones of Rocky Point are rejoicing over the visit of the stork at their home, the result being a boy. Friends extend congratulations.

Mrs. J. B. Simonton, an estimable lady of Lake Simonton who is very popular here, spent Tuesday in the city shopping and as the guest of friends.

Captain A. R. Elmore of Alachua, one of the most widely known residents of that section of the county, spent Tuesday in this city as a guest of relatives.

G. W. Sanders, assistant road master of the Seaboard Air Line who makes his headquarters at Archer, was among those who spent Tuesday in this city.

Subscribers on rural free delivery routes can send in their subscriptions by the mail carriers. Persons who desire The Sun on such routes can also send money by the carriers.

Mrs. A. J. DeCosta and her interesting little daughter, Miss Lucille, left yesterday for Hague, where for the next few days they will be guests of Mesdames Perkins and Frank E. Colson.

Mrs. J. J. Sanders of Martin arrived in the city yesterday and for a few hours was the guest of Mr. and Mrs. J. F. Bunch. She was en route to Fort White, where she will visit relatives.

Dr. L. Montgomery, the celebrated physician of Micanopy, the aid of whose medical skill is sought after by the afflicted from every section of the Union, was in town for a short time yesterday.

Among the Micanopy folks in Gainesville yesterday was N. B. Mott, a leading merchant of that town, and one of the "best fellows" in the world, with a heart as big as a hogshead, so the old saying goes.

Teachers can have their report cards printed at The Sun office at very low price. Sample form and prices on application.

W. A. Shaw and son, Henry, were in the city from the Gordon section yesterday. Mr. Shaw makes a specialty of the growing of sugar cane, and has brought from time to time some fine cane to this market.

R. L. Ford of Micanopy was in the city Tuesday. Mr. Ford is a member of the firm of Ford & McAllister, liverymen, and is regarded as one of the most competent judges of horseflesh in this section of the country.

We have secured the agency for Orino Laxative Fruit Syrup, the new laxative that makes the liver lively, purifies the breath, cures headache and regulates the digestive organs. Cures chronic constipation. Ask us about it. J. W. McCollum & Co.

Mrs. D. S. McClellan, nee Miss Annie Riggs, who was reared in Gainesville but now residing in Fitzgerald, Ga., left for her home yesterday, after a pleasant visit to her sister-in-law, Mrs. Walter Riggs. Mrs. McClellan was accompanied by her bright little baby.

Mrs. C. A. Marks and son and Miss Dorie Ellis have arrived in the city from Waldo. Mrs. Marks and son, who reside at Waldo, will be the guests of Mr. and Mrs. T. B. Ellis, Sr., for a few days. Miss Dorie is returning home from a visit to Mrs. Marks.

Sam and Walter Turner of Lake View, two of the most promising planters of that section, were in the city yesterday. Walton was "feeling comfortable," as he had just received a check from a leading butcher for a quantity of meat he had shipped to market.

An alarm of fire was turned in from Box 28 at 2:10 yesterday afternoon, which summoned the department to a house occupied by a colored man on North Pleasant street. There was no damage of consequence, however, as the flames were immediately extinguished.

L. D. Abercrombie, R. M. Fugate, J. L. S. Watkins, H. L. Blitch, J. R. Fugate, D. E. Williams, of Williston, and O. O. Smith and T. J. Long of Raleigh, were visitors to The Sun office yesterday and had their names enrolled upon the subscription list of the daily edition.

Dr. J. M. Boring of Waldo was in the city yesterday. He came for the purpose of accompanying William Tillis home. Mr. Tillis has been at the Odd Fellows' Sanitarium for the past few days, having undergone a surgical operation. Friends will be glad to learn, however, that his condition is very much improved.

Wade Thomas of Monteocha, one of the leading young farmers of that section, was in the city Tuesday. Mr. Thomas brought a load of fine pork, which he placed on cold storage at the plant of the Diamond Ice Company. He has become convinced that cold storage is the proper thing from experience, as it keeps the meat sweeter and nicer.

Attention is called to the big page advertisement of The G. W. Hyde Company, which appears in this issue. This enterprising firm will begin a big sale on Friday morning, the 29th inst., at which all goods in the store will be offered at prices which are bound to prove interesting. Read the ad, note the prices, and see what bargains can be secured.

F. M. Oliver has gone to St. Marks to visit his brother and recuperate for a few weeks. He has been in ill health for some time and his many friends hope that the change will prove beneficial to him. Mr. Oliver knows every foot of ground in the St. Marks section, and if his health permits there is no doubt that he will have a big time hunting and fishing.

JESSE SHAW MARRIED.

Well-Known Young Man of Alachua Takes Unto Himself a Wife.

On Wednesday, the 20th inst., Jesse M. Shaw, a well-known citizen of the Alachua section, was married to Miss Clyde Trissel, a popular young lady, at Jacksonville.

Mr. and Mrs. Shaw have gone on a wedding trip, and will be at home to their friends in Alachua after December 10.

Friends of Mr. Shaw extend the heartiest congratulations, with best wishes for a happy married life.

NOT A PARTICLE OF SKIN ON BODY

Worst Case of Eczema Doctor Had Seen in 40 Years — For Six Months Father Expected His Baby to Die—Blood Oozed Out All Over Her Body—Had to Be Wrapped in Silk and Carried on a Pillow—Now She Is Perfectly Cured.

DOCTOR RECOMMENDED CUTICURA REMEDIES

"My little girl was born two weeks before her time and my wife died four hours after the birth of our child and I had to raise the baby on artificial foods. Six months after birth she broke out and I had two doctors in attendance. There was not a particle of skin left on her body, the blood oozed out just anywhere, and we had to wrap her in silk and carry her on a pillow for ten weeks. She was the most terrible sight I ever saw, and for six months I looked for her to go to her mama, but thank God and his agents, she is alive and well to-day and she will be three years old the seventh of December and has never had a sign of the dread trouble since.

"I used every known remedy to alleviate her suffering, for it was terrible to witness. Dr. C—— gave her up and then I went to C—— F—— and got Dr. B—— and he and Cuticura Soap and Cuticura Ointment saved her. He recommended the Cuticura Remedies, or said we were right in making use of them. As nearly as I can remember, we used eight cakes of Cuticura Soap and three boxes of Cuticura Ointment; but you must take into consideration that hers was an exceptional case, for an old and good doctor said that it was the worst case that had come to him in forty years. I have always hinged on Cuticura Soap to keep her skin soft and to give her a pure complexion. James J. Smith, Wood and Metal Pattern Maker, Box 234, Buena Vista, Va., Oct. 14 and 22, 1906."

Complete External and Internal Treatment for Every Humor of Infants, Children and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.) (in the form of Chocolate Coated Pills 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

REGULAR DRILLS RESUMED.

The Gainesville Guards Will Hereafter Meet Regularly.

For the first time since their return from the State encampment at Fort Pickens, the Gainesville Guards, Captain J. W. Blanding, last night got down to regular business in the matter of drilling, and for a couple of hours Captain Blanding and his efficient lieutenants, Shields Warren and W. D. Wheeler, kept the men busy in the manual of arms and field movements.

There was a good crowd present at this drill, and the movements of the men showed that they had not forgotten the valuable "points" they had gained during their ten days' association with the soldiers of the regular army at Fort Pickens.

Captain Blanding and his officers feel very much encouraged over the interest being taken by the men, and feel confident that the Guards will continue their excellent reputation as one of the best drilled in the State Troops.

The Guards will drill regularly on Wednesday night of each week in future.

Boy Badly Burned.

A two-year-old son of Mr. and Mrs. Perry, East Lemon street, was badly burned Tuesday, his clothing having been ignited while playing in the fire. Dr. Lartigue was summoned, and rendered professional aid, but the child is yet suffering a great deal.
